FORWARD LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical facts constitute “forward-looking statements”. All statements regarding our expected financial condition and results of operations, business, objectives, strategies, plans, goals and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, our revenue and profitability, and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. These forward-looking statements and any other projections contained in this Draft Red Herring Prospectus (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections.

These forward-looking statements can generally be identified by words or phrases such as “will”, “aim”, “will likely result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions.

Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- loss of consumers;
- impact of Covid 19 pandemic or any future pandemic;
- general economic and business conditions in the markets in which we operate and in the local, regional and national and international economies;
- Adverse natural calamities having significant impact on regions where we are having projects under implementation;
- our ability to successfully implement strategy, growth and expansion plans and technological initiatives;
- our ability to respond to technological changes;
- our ability to attract and retain qualified personnel;
- the effect of wage pressures, seasonal hiring patterns and the time required to train and productively utilize new employees;
- general social and political conditions in India which have an impact on our business activities or investments;
- potential mergers, acquisitions restructurings and increased competition;
- occurrences of natural disasters or calamities affecting the areas in which we have operations;
- market fluctuations and industry dynamics beyond our control;
- changes in the competition landscape;
- our ability to finance our business growth and obtain financing on favourable terms;
- our ability to manage our growth effectively;
- our ability to compete effectively, particularly in new markets and businesses;
- changes in laws and regulations relating to the industry in which we operate changes in government policies and regulatory actions that apply to or affect our business; and
- developments affecting the Indian economy;
- Any adverse outcome in the legal proceedings in which we are involved.

For a further discussion of factors that could cause our current plans and expectations and actual results to differ, please refer to the chapters titled “**Risk Factors**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on page numbers 18, 93 and 205 respectively of this Draft Red Herring Prospectus.

Forward looking statements reflects views as on the date of the Draft Red Herring Prospectus and not a guarantee of future performance. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company / our Directors nor the Book Running Lead Manager, nor any of its affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the listing and trading permission is granted by the Stock Exchange(s).

SECTION II – SUMMARY OF THE ISSUE DOCUMENT

SUMMARY OF OUR BUSINESS

Our Company is a “Category A” Training Partner recognized by the National Skill Development Corporation (NSDC) and serves a wide range of government departments & agencies, including other training providers. We primarily operate in the northern part of India with our registered address being 84-85, Chakkarpur, Gurugram Haryana, 122002, India.

Our subsidiary SPH Aviation Private Limited, offers DGCA approved Drone Pilot training programmes at their RPTOs. Upon successful completion of these training programmes candidates from our RPTOs are provided DGCA certification as qualified drone pilots. Our subsidiary Farmers City International Private Limited is fostering community engagement through the establishment of Farmer's City Marts (FCMs), which will serve as comprehensive one-stop shops to provide a centralized hub for items such as fertilizers, seeds, and other essential farming necessities, streamlining the agricultural ecosystem for all involved.

For detailed information on the business of our Company please refer to the section entitled “**Our Business**” beginning on page 93 of this Draft Red Herring Prospectus.

SUMMARY OF THE INDUSTRY IN WHICH WE OPERATE

The Indian government has launched schemes to boost skill development and employment, addressing workforce gaps for economic growth and poverty reduction. Companies implementing these programs act as vital intermediaries, tailoring skills to industry needs and relying on government funding. They also benefit from the growing demand for skilled labour. Meanwhile, the agricultural sector in India is embracing drone technology, supported by government initiatives like the Kisan Drone Scheme and Drone Shakti Scheme, aiming to make India a global drone hub by 2030. Our business offers training to farming communities, aligning with these initiatives.

We have described the risks and uncertainties that we believe are material, but these risks and uncertainties may not be the only risks relevant to us, the Equity Shares, or the industry in which we currently operate or propose to operate. Unless specified or quantified in the relevant risk factor below, we are not in a position to quantify the financial or other implication of any of the risks mentioned in this section. If any or a combination of the following risks actually occur, or if any of the risks that are currently not known or deemed to be not relevant or material now actually occur or become material in the future, our business, cash flows, prospects, financial condition and results of operations could suffer, the trading price of the Equity Shares could decline, and you may lose all or part of your investment.

To obtain a more detailed understanding of our business and operations, see this section in conjunction with the sections titled “Our Industry”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, respectively, as well as other financial and statistical information contained in this Draft Red Herring Prospectus. Unless otherwise indicated or unless the context requires otherwise, our financial information used in this section are derived from our Restated GAAP Summary Statements. In making an investment decision, prospective investors must rely on their own examination of our business and the terms of the Issue, including the merits and risks involved. Prospective investors should consult their tax, financial and legal advisors about the particular consequences to them of an investment in our Equity Shares.

This Draft Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including but not limited to the considerations described below. For details, refer to the chapter “Forward-Looking Statements”.

Materiality

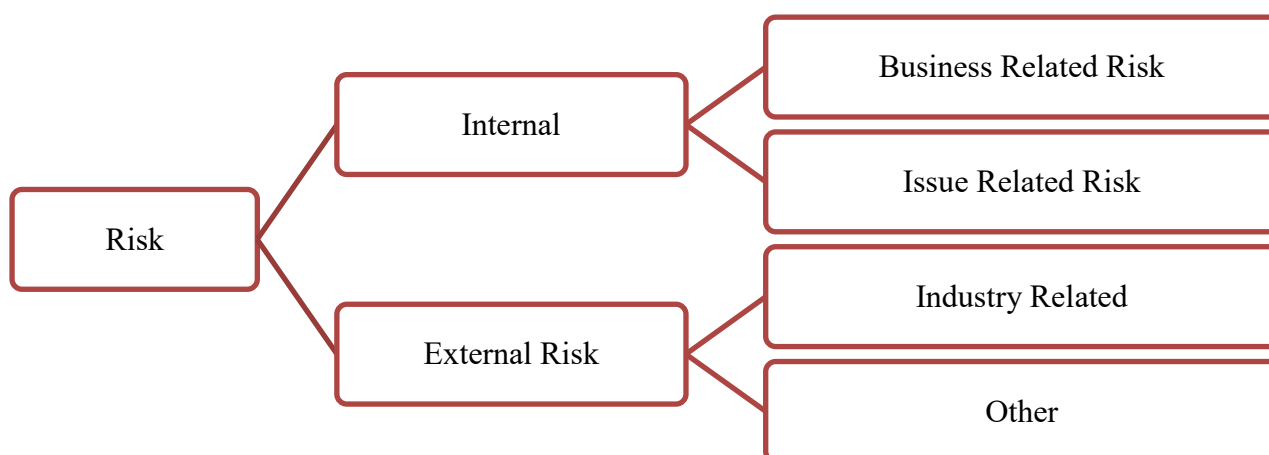

The Risk factors have been determined on the basis of their materiality, which has been decided on the basis of following factors:

Some events may not be material individually but may be material when considered collectively.

Some events may have an impact which is qualitative though not quantitative.

Some events may not be material at present but may have a material impact in the future.

Classification of Risk Factors

INTERNAL RISK FACTORS

- We have no prior experience in the area of Drone Assembly which is expected to form one of the mainstays of our business going forward.***

We are in the process of establishing a Drone Assembly unit. Our lack of prior experience in manufacturing may lead to operational challenges that could affect our ability to meet production and quality standards, potentially impacting our market reputation. The successful implementation and performance of our Drone Assembly venture are not guaranteed due to our limited experience in this specialized domain. Competing effectively in the Drone Assembly market may be challenging, as established industry players with more experience may have a competitive advantage over us.

- We do not own our registered office and the facilities from which we operate.***

Due to the extensive list of operating locations, we have omitted a detailed reproduction here for brevity. For details on the property operated from by the Company and other details please refer to the section titled “***Our Business***” beginning on page 93 of the Draft Red Herring Prospectus.

We cannot assure you that we will be able to renew our lease in the future, on commercially acceptable terms or at all. We also cannot assure you that, if required to vacate our current premises, we would be able to obtain alternative arrangements for the premises, on commercially acceptable terms or at all. Relocation of our business operations may disrupt our operations and entail substantial costs, which could have an adverse effect on our business, prospects, results of operations and financial condition. Further, the lease deeds for our properties may not be adequately registered or stamped and consequently, may not be accepted as evidence in a court of law and we may be required to pay penalties for inadequate stamp duty or registration.

- Certain lease agreements are not adequately stamped or registered.***

Our company has identified instances where certain lease agreements have not been properly stamped or registered as mandated by relevant legal requirements. This lack of compliance poses a potential risk to our business and adherence to regulatory norms. Lease agreements are integral to our operations, and failure to adequately stamp and register them may lead to legal complexities, financial penalties, and disputes with counterparties. These issues can negatively affect our financial standing and create legal liabilities. While we are actively taking measures to address this non-compliance, we cannot provide absolute assurance that we will completely mitigate these risks. This non-compliance may impact the legal validity of certain lease agreements, potentially impacting our financial performance and operational continuity.

- Our “Drone Training Business” is highly regulated. Our DGCA license for this business is subject to certain conditions. Changes in Government policies and/or regulations may adversely impact the operations of the above business. Also, if we fail to comply with applicable regulations, rules prescribed by Government of India as well as conditions on which the DGCA license has been issued, our business and financial condition may suffer materially.***

Operations in our industry are highly regulated and are subject to stringent laws and regulations. For imparting drone training the current regime requires application for DGCA authorized Remote Pilot Training Organizations (RPTOs). The validity of such license is 10 years from the date of issuance i.e., till 18.05.2033 and further the validity of the license depends on the conditions laid down while issuing such license. Moreover, the renewal process of license is rigorous and time consuming and there is no guarantee that we can secure the license again well in time. We also cannot assure you that DGCA in the future would not amend the existing requirements having higher quality standards which may delay the renewal/application process. If we are unable to meet existing/future requirements, our business, financial condition as well as ability to generate desired cash flow would be affected materially.

- We have experienced negative cash flows from operating, investing and financing activities in the past.***

We have in the past, and may in the future, experience negative cash flows from operating, investing and financing activities. The following table sets forth our net cash inflow/(outflow) from operating, investing and financing activities for the periods/years indicated:

Particulars	For the period ended June 30, 2023	For the year ended March 31,		
		2023	2022	2021
Net Cash from Operating Activities	(138.02)	632.33	528.78	69.59
Net Cash from Investing Activities	(7.70)	(308.59)	(407.23)	(3.70)
Net Cash used in Financing Activities	86.37	(248.82)	(197.72)	15.45

Any negative cash outflows from operating activities over extended periods, or significant cash outflows in the short term from investing and financing activities, could have an adverse impact on our cash flow requirements, business operations and growth

plans. As a result, our cash flows, business, future financial performance and results of operations could be adversely affected. For further details, see “*Management's Discussion and Analysis of Financial Condition and Results of Operations*” on page 205.

6. *Our business is dependent on contractual arrangements entered into by us with our clients that include Government departments and entities with historical affiliations with our Promoters. Their non-renewal, conflicts of interest, and termination clauses may affect our financial stability and future prospects.*

Our business has historically relied on significant contractual agreements, including those with governmental authorities and departments, which have contributed substantially to our revenue.

Additionally, a substantial portion of our current revenue is derived from contracts with entities that have had historical affiliations with our Promoters and management. These longstanding relationships have been instrumental in shaping our revenue landscape. The continuation and terms of these contracts can still be subject to the factors mentioned earlier, such as termination clauses and disassociation of our Promoters from these affiliated entities could have a significant impact on the revenue generated from these contractual agreements. These contracts impose various obligations on our company, and failure to meet these obligations or perceived breaches in performance could lead to legal liabilities and harm our reputation, potentially adversely affecting our business, financial condition, and results of operations.

Furthermore, certain contracts can be terminated by our clients in writing upon any breach or non-observance of the conditions outlined in the agreements. While we carefully consider all factors before entering into such agreements, we cannot guarantee that clients will not choose to terminate their agreements based on the terms mentioned above. Non-compliance or breaches of these contractual arrangements by either party may result in damages, penalties, or termination of agreements, potentially hampering our ability to secure future business opportunities.

7. *Our directors have previously been subject to regulatory action by the Ministry of Corporate Affairs.*

Our directors, Deep and Preet Sandhu, have previously faced regulatory action by the Ministry of Corporate Affairs. They were disqualified under section 164(2) of the Companies Act due to the failure of companies where they were directors, KSD Infrastructure Private Limited and Voice Infotech Private Limited, to file financial statements or annual returns for three consecutive years. However, the disqualification has been rectified, and as of the date of this Draft Red Herring Prospectus, Deep and Preet Sandhu are eligible to serve as directors on our Board.

8. *Our Company has delayed payment of Government and statutory dues, and has been penalized.*

Our company has a history of delayed payments and contributions towards Goods and Services Tax, Employee State Insurance, Employee Provident Fund, and Advance Tax, resulting in the imposition of interest and penalties on these amounts. However, as of the date of filing of this Draft Red Herring Prospectus, there are no pending dues or delayed statutory payments.

While we have taken corrective measures and established systems to address this issue, including the appointment of a dedicated professional to oversee timely payments, the past delays in meeting statutory obligations pose a risk. Future delays or lapses in compliance with regulatory authorities' requirements could result in financial penalties, legal liabilities, and damage to our reputation.

9. *The Drone Industry is subject to rapid changes in technology, quality specifications and customer needs that may not be possible for us to track and keep up with latest developments.*

Our Company operates in the Drone industry which involves a substantial degree of risk, including as a result of rapidly evolving changes in technology and industry needs. The Company's business requires it to quickly react to changing technologies, market dynamics and clients' requirements. The increasing acceptance of Drone deployment in agricultural operations, rapidly deepening penetration of internet access in rural areas, rapid improvements in aerial photography and video recording techniques, the rising need for surveying and documenting animals and public service missions have expanded the market. The Company's success at winning opportunities to provide Drone solutions for our clients depends on our ability to effectively adapt its services to the changes in response to evolving technologies. If we fail to keep pace with its clients' needs or fail to respond to changes in technology, we may be unable to compete effectively which could have a material adverse effect on its business, financial condition, cash flow and results of operations.

10. *We shall be dependent upon domestic and global vendors including China for the supply of components for drone assembly and may not be able to reduce our dependency on external sources in the short term. If critical components or raw materials become scarce or unavailable, then we may incur delays in manufacturing and delivery of our products. Moreover, the supply and cost of components can be subject to significant variation due to factors beyond our control.*

We will partially import essential components such as carbon fiber tubes, landing gear, propellers, motors, and antennas, crucial for drone manufacturing. Additionally, we will depend on domestic vendors for the supply of other key drone components. It's

imperative to acknowledge that a disruption in the supply chain and fluctuations in the component market could significantly impact our drone assembly business.

Furthermore, it's important to note that some of these critical components may be imported from China. Any change in the government's import policy, such as tariffs, trade restrictions, or diplomatic tensions, could severely affect our business operations.

11. *Our business is predicated upon several statutory and regulatory permits, licenses and approvals. Our inability to obtain, renew or maintain the requisite statutory and regulatory licenses, permits and approvals may have a material adverse effect on our business & operations.*

We require various statutory and regulatory licenses, permits and approvals to operate our business. We need to scrupulously comply with the conditions set forth in each of these licenses, permits, etc. to continue our operations. Our Company is in the process of updating some of its certificates/ licenses with respect to the details of our offices or updating of its name from "Private Limited" to "Limited" after the conversion into public limited company.

While we believe that we have complied fully with all applicable laws and regulations, statutory/regulatory authorities may allege non-compliance and we cannot assure you that we will not be subjected to any such regulatory action in the future, including penalties, and other civil or criminal proceedings.

For more information on the licenses obtained by our Company and the licenses applied for by our Company, please refer section titled "**Government and other Approvals**" beginning on page 216 of this Draft Red Herring Prospectus.

12. *There are certain discrepancies/errors and non-compliance noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 2013.*

There are certain discrepancies and non-compliance noticed in some of our corporate records relating to forms filed with the Registrar of Companies. Our Company has made clerical mistakes in documents and forms filed in registrar of Companies. Further, there are some cases where forms have been filed belatedly in Registrar of Companies for which requisite delayed fees was paid by the Company or have not been filed at all. Any penalty or action taken by any regulatory authorities in future for non-compliance with provisions of corporate and other law could impact the financial position of the Company to that extent.

Although no show cause notice has been issued against the Company till date in respect of above, in the event of any cognizance being taken by the concerned authorities in respect of above, penal actions may be taken against the Company and its directors, in which event the financials of the Company and its directors may be adversely affected.

13. *Our Company has borrowings that are repayable on demand.*

Our company has obtained loans that are repayable on demand from members of our Promoters and Promoter Group, primarily to fulfill the Company's working capital needs. These loans can be recalled at any time by the respective lenders. The feature of our borrowings introduces an element of uncertainty and financial vulnerability. The sudden recall of these loans, especially if they represent a substantial portion of our working capital, could adversely affect our liquidity and financial stability, potentially leading to operational disruptions, delayed payments to creditors, and defaults on other financial obligations. Refer the "**Statement of Financial Indebtedness**" on page 203 of this Draft Red Herring Prospectus for the Company's current indebtedness.

14. *Our business is highly technology intensive and our success is dependent upon the continued availability of highly skilled professionals with domain expertise in the field of remotely operated unmanned aircraft.*

The success of our business is dependent upon the continued availability of sufficient numbers of skilled professionals and due to the limited pool of available skilled personnel, we may face difficulty in recruiting and retaining skilled and professionally qualified employees.

Our continued future success also depends upon our ability to recruit and retain a large group of experienced professional trainers and staff. The loss of the services of our senior management or our inability to recruit, train or retain a sufficient number of experienced personnel could have a material adverse effect on the operations and profitability of our Drone Skilling business.

Our ability to retain experienced staff members as well as senior management will in part depend on our maintaining appropriate staff remuneration and incentive schemes in accordance with then prevailing private sector industry standards. We cannot assure you that the remuneration and incentive schemes we have in place will be sufficient to retain the services of our senior management and skilled employees.

15. *Our current lines of business are seasonal in nature.*

Our skilling business in India aligns with the seasonal patterns of agriculture, resulting in fluctuations during sowing and harvesting seasons. However, with the introduction of additional lines of business, such as drone pilot training and Farmers' City Marts, we anticipate a reduction in the seasonal impact on our revenue streams. However, no assurance can be made regarding the extent of this reduction in the seasonal impact on our revenue streams.

16. *Reliance has been placed on declarations and affidavits furnished by our Promoters, Promoter Group, Directors and Key Management Personnel, for details of their details included in this Draft Red Herring Prospectus.*

Our Promoters, Promoter Group, Directors, and Key Management Personnel have provided declarations and affidavits containing information concerning various aspects, including but not limited to family and relatives, shareholding in other companies, work experience, and qualifications. Accordingly, reliance has been placed on the above to disclose such details in this Draft Red Herring Prospectus and neither we, nor the Book Running Lead Manager have been able to independently verify these details in the absence of documentary evidence. Therefore, we cannot assure you that all or any of the information relating to the work experience of our Directors and Key Management Personnel in "Our Management" and "Our Promoters" on page 107 and 117 respectively of this Draft Red Herring Prospectus is complete, true and accurate.

17. *Our Farmer's City Mart (FCM) business is predicated upon the successful integration of diverse sections of local farming communities. Multiple socioeconomic factors are involved in the process and we may be unable to address all such issues effectively or in a timely manner to achieve the full potential of the FCM business.*

Our FCM business is a community connect initiative and relies on our ability to bring several distinct interest groups together to form a coherent ecosystem for transactions in products and services across the entire agrarian value chain. Local issues may come in the way of successful operation of an FCM and the persistence of such issues may adversely impact our FCM business.

18. *The company has failed to file eform CHG-1 for creation of charge against loans taken for various motor vehicles purchased*

Our company has not filed eform CHG-1 for the creation of charges against loans obtained for the purchase of various motor vehicles. This non-compliance represents a potential risk to our business and regulatory adherence. Filing eform CHG-1 is a legal requirement for recording and notifying the creation of charges on assets acquired with loans. Failure to comply with this requirement can result in legal and financial consequences, including potential disputes with lenders and regulatory actions.

We cannot guarantee complete mitigation of associated risks. This non-compliance may impact our relationships with lenders and regulatory standing, potentially affecting our financial and operational stability.

19. *Our Company has incurred a financial loss in the past.*

The Company experienced a loss of ₹23.08 Lakhs in the Financial Year 2020-2021. It's important to acknowledge that financial performance can be unpredictable, and past losses do not guarantee future profitability. While the Company may have strategies in place to improve its financial standing, there remains an inherent uncertainty regarding its ability to avoid losses in future periods. While the Company's financial results are subject to various factors and market conditions, some of which may be beyond its control. There can be no guarantee that the Company will achieve consistent profitability in the future.

20. *We may be subject to fraud, theft, employee negligence or similar incidents.*

Our operations may be subject to incidents of theft or damage to inventory in transit and otherwise. Our industry typically encounters some inventory loss on account of employee theft, robbery, vendor fraud, and general administrative error. We shall maintain large amounts of high value inventory at all times. There can be no assurance that we will not experience any fraud, theft, employee negligence, security lapse, loss in transit or similar incidents in the future, which could adversely affect our results of operations and financial condition.

Additionally, in case of losses due to theft, fire, breakage or damage that may be caused by other casualties, flood, earthquake or any other natural calamities, there can be no assurance that we will be able to recover from our insurers the full or adequate amount of any such loss that we may suffer in a timely manner. If we incur a significant inventory loss due to third-party or employee theft and if such loss exceeds the limits of, or is subject to an exclusion from, coverage under our insurance policies, it could have an adverse effect on our business, results of operations and financial condition.

21. *If we are unable to identify consumer demand accurately and maintain an optimal level of inventory, our business, results of operations, cash flows and financial condition may be adversely affected.*

The success of our business depends upon our ability to anticipate and forecast consumer demand and trends. Any error in our forecast could result in either surplus stock, which we may be unable to sell in a timely manner, or at all, or under-stocking, which will affect our ability to meet consumer demand. We plan our inventory and commence our design process prior to launch and estimate our sales based on the forecasted demand. We have inventory manufactured and stored at our warehouse ahead of an upcoming season. An optimal level of inventory is important to our business as it allows us to respond to consumer demand effectively and to maintain a full range of products at our stores and for sale through our other retail channels. Ensuring

availability of our products requires prompt turnaround time and a high level of coordination amongst manufacturers, warehouse management and physical stores and staff. While we aim to avoid under-stocking and over-stocking through our technology-enabled distribution model, our estimates and forecasts may not always be accurate. If we fail to accurately forecast consumer demand, we may experience excess inventory levels or a shortage of products available for sale. Any unsold inventory may have to be sold at a discount or discarded, potentially leading to losses. We cannot assure you that we will be able to sell surplus stock in a timely manner, or at all, which in turn may adversely affect our business, results of operations, cash flows and financial condition.

- 22. Our Drone Assembly business is working capital intensive. We may need to raise additional financing to meet working capital requirements in the future. If we are unable to mobilize enough working capital financing our business may be adversely impacted.**

Our Drone Assembly business requires significant amounts of working capital and a major portion of our working capital is utilized towards purchasing of components and employee benefit expenses. In our business, working capital is also required to finance the drones and their spares and stores. In the event we are unable to source the required amount of working capital, we might not be able to efficiently satisfy the demand of our clients in a timely manner or at all. Even if we are able to source the required amount of funds, we cannot assure you that such funds would be sufficient to meet our cost estimates and that any increase in the expenses will not affect the price of our products.

- 23. The current geographic concentration of our operations creates an exposure to local economies, regional downturns and severe weather or other catastrophic occurrences.**

The entirety of the Company's operations clustered in Haryana, which exposes the firm to regional vulnerabilities. Adverse changes and events that may impact our operations may include disruptions to infrastructure and services (such as supplies, transportation and utilities for our facilities), significant natural disasters and man-made incidents, political agitations and workforce disruptions, as well as changes in the general economic conditions, the regulatory environment and local government policies. In particular, incidents of fire, damage to, or inability to access, our facilities of our suppliers, or other issues preventing the normal operation of those facilities could hinder the distribution of our products. However, we may not be able to do so in a timely manner, or at all.

While we have not experienced any such disruptions in the past, we cannot assure you that we will be able to effectively manage any potential losses arising from any such events, which may adversely affect our business, cash flows, financial condition and results of operations. Any inability to obtain sufficient quantities of raw material of the requisite quality in a timely manner and at acceptable prices, or a slowdown, shutdown or disruption in such third parties' operations and performance, could adversely affect our business, cash flows, results of operations and financial condition.

- 24. There are certain pending legal proceedings involving our Company as well as the Promoters and Directors of our Company. Any adverse outcome on such proceedings may affect our business, financial condition and reputation.**

There are outstanding legal proceedings against our Company and Directors, which are pending at various levels of adjudication before various courts, tribunals and other authorities. The summary of outstanding matters set out below includes details of the above proceedings.

Particulars	By/Against	Civil Proceedings	Criminal Proceedings	Tax Proceedings	Actions by regulatory authorities	Amount Involved (₹)

For further details, please refer to chapter titled “**Outstanding Litigations & Material Developments**” on page 212 of this Draft Red Herring Prospectus.

25. *Inability to protect our intellectual property or any dispute relating to our intellectual property may debilitate our position vis-à-vis our competitors as well as our stakeholders.*

As on the date of this Draft Red Herring Prospectus we have several applications pending for registration of IPR (Intellectual Property Rights) with the concerned authorities.

We may not be able to adequately protect our intellectual property, which may result in the inability to prevent our competitors from developing, using or commercializing products that are functionally equivalent or similar to our products. Furthermore, we may be subject to claims alleging breach of third party intellectual property rights.

We do not own any trademark for our brands as on the date of Draft Red Herring Prospectus. As such, we do not enjoy the statutory protections accorded to a registered trademark as on date. There can be no assurance that we will be able to register the trademark and the logo in future or that, third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Further, we cannot assure you that any application for registration of our trademark in future by our Company will be granted by the relevant authorities in a timely manner or at all.

The protection of our intellectual property rights may require the expenditure of financial, managerial and operational resources. We rely on a combination of laws and regulations, confidentiality of information and contractual restrictions to protect our intellectual property. Despite our efforts to protect and enforce our proprietary rights, unauthorized parties may in the future use, our trademarks or similar trademarks, copy aspects of our website images, features, compilation and functionality or obtain and use information that we consider as proprietary, such as trade secrets.

We do not have comprehensive registered protection for all of our brands in all jurisdictions in which we operate or plan to operate. We may therefore not be able to prevent our competitors from developing, using or commercializing products that are functionally equivalent or similar to our products. This may lead to reduction in sales of some of our products.

Additionally, the process of obtaining intellectual property protection is expensive and time-consuming, and the amount of compensation for damages can be limited. Even if issued, patents or trademarks may not adequately protect our intellectual property, as the legal standards relating to the validity, enforceability and scope of protection of patent, trademark and other intellectual property rights are applied on a case-by-case basis and it is generally difficult to predict the results of any litigation relating to such matters. Any litigation, whether or not it is resolved in our favour, could result in significant expense to us and divert the efforts of our technical and management personnel, which may adversely affect our business, financial condition, cash flows and results of operations.

For further details, please refer to chapter titled “**Government and Other Approvals**” beginning on page 216 of the Draft Red Herring Prospectus.

26. *Our lenders have charge over our movable properties in respect of finance availed by us.*

We have provided security in respect of loans / facilities availed by us from banks by creating a charge over our movable properties. The total amounts outstanding and payable by us as secured loans were Rs.269.19 Lakhs as on June 30, 2023. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further details of secured loans of our Company, please refer the chapter titled “**Statement of Financial Indebtedness**” on page 203 of this Draft Red Herring Prospectus.

27. *Our operations are heavily dependent upon the managerial skills, acumen and strategic vision of our Promoters and hence our future growth and profitability may be impacted by the departure of any or all of our Promoter*

We rely heavily on the services of our Promoters and Key Managerial Personnel (KMP) for our operational and strategic activities across our business lines. We cannot assure you that we will be able to retain our promoters or key managerial personnel and any loss of service could seriously impair the ability to continue to manage and expand the business efficiently. In addition, we could incur additional expenses and need to devote significant time and resources to recruit and train replacement personnel, which could further disrupt our business and growth.

28. *Our promoters and members of promoter group jointly will continue to have majority control over our Company which may allow them to determine the outcome of matters submitted to shareholders for approval.*

Upon completion of this Issue, our Promoters will collectively hold 3,58,69,390 Equity Shares constituting [●] % of the post issue paid up equity share capital of our Company and also continue to enjoy remuneration or benefits, reimbursements of expenses as approved by the Board. Consequently, Promoters will have the ability to exercise significant influence over all matters requiring shareholders’ approval. Accordingly, our Promoters will continue to retain significant control, including being

able to control the composition of our Board of Directors, determine decisions requiring simple or special majority voting of shareholders, undertaking sale of all or substantially all of our assets, timing and distribution of dividends and termination of appointment of our officers, and our other shareholders may be unable to affect the outcome of such voting. There can be no assurance that our Individual Promoters will exercise their rights as shareholders to the benefit and best interests of our Company.

29. *Our insurance policy may not be adequate to cover all the losses which a business could incur. Any inability to maintain adequate cover from material adverse incidents may adversely affect our operation and profitability.*

We have obtained a number of insurance policies in connection with our operations as given in chapter titled “**Our Business**” on page 93. While we are of the opinion that the insurance coverage which our Company maintains would be reasonably adequate to cover the normal risks associated with the operations of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. Our Company’s insurance policies may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial condition may be adversely affected.

30. *We have carried out Related Party Transactions in the past and may need to continue to do so in future which may involve potential conflicts of interest.*

Our Company has entered into few related party transactions with our Promoters, Directors, Promoter Group, Group companies/entities during the last three Financial Years. While our Company believes that all such transactions have been conducted on the arm’s length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation.

31. *We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the issue proceeds may delay the implementation schedule.*

Our requirements for proposed funds for our expansion plan as described in the section titled “Objects of the Issue” is to be funded from the proceeds of this IPO. Other than this offering, we have not identified any alternate source of funding and any delay or failure to mobilize the required funding or any shortfall in the issue proceeds may delay the implementation schedule. Further, we cannot provide any assurance that we would be able to execute our plans/strategy within the given timeframe. For details, kindly refer to the chapter titled “**Objects of the Issue**” on page 58.

32. *External shocks like the COVID-19 pandemic may have impact on our business and operations.*

In the past the Covid 19 pandemic has forced many countries including India to impose country-wide lockdowns, restrictions on travel and business operations including temporary closure of business. Further the pandemic has also been disruptive for the drone business because of derailments in the supply chain and shortage of components. Any future threat of a Covid-19 like situation cannot be ruled out and we cannot assure you that we shall be in a position to fully counter and/or address the effects of such an external shock to fully safeguard our business and operations.

33. *We depend upon our relationships with our clients and other industry participants to source business.*

We generate projects through our relationship with government bodies and private institutions and other industry participants. Our failure to maintain these relationships, or to establish and capitalise on new relationships, could harm our business or prevent our business from growing, which could have a material adverse effect on our business, prospects, financial condition.

34. *If we are unable to attract new clients or our existing clients do not renew their contract, the growth of our business and cash flows will be adversely affected.*

Our top ten (10) clients contributed to a majority of our revenue from operations based on Restated Financial Statements for the period ended June 30, 2023. In order to strengthen our business model, we need to widen our client network and diversify our exposure across more counterparties. If we are unable to generate sufficient sales leads through our marketing programmes or if our existing or new clients do not perceive our products/services to be of sufficiently high value and quality, we may not be able to achieve the envisaged growth rates in revenue and profitability.

In addition, our existing clients have no obligation to repeat contracts and/or award new projects to us. If we fail to achieve repetitive projects from existing clients or to add new clients, our operating results will suffer, and our revenue growth, cash flows and profitability may be materially and adversely affected.

35. *If we are unable to attract new students for our Remote Pilot Training Organisation (RPTO), the growth of our business and cash flows will be adversely affected.*

To increase our revenue and cash flows from training, we must regularly add new students and organizations. If we are unable to add sufficient students and organizations through our community outreach programmes or if our students do not perceive our training to be of sufficiently high value and quality, we may not be able to increase revenue from training, our operating results would be adversely affected. If we fail to achieve our target students and organizations, our operating results will suffer, and our revenue growth, cash flows and profitability may be materially and adversely affected.

36. *We may not be able to sustain effective implementation of our business and growth strategy.*

Our future performance will be contingent upon our timely and successful implementation of the business plan that we propose to finance through this Issue. Any disruption in the implementation schedule and/or any time or cost overrun in the implementation process may impair our ability to sustain our track record of consistent growth and profitability.

37. *Our Company has issued Equity Shares within the last twelve months at a price that may be lower than the Issue Price.*

Our Company has issued Equity Shares within the last twelve months at a price that may be lower than the Issue Price proposed in this offering. Specifically, shares were issued to our Promoter, Mr. Deep, at a price of ₹50 per share as part of the conversion of a loan. The variance in share prices between the recent issuance and the proposed Issue Price could impact the perceived value of the shares being offered.

38. *The average cost of acquisition of Equity Shares by our Promoters may be lower than the issue price.*

Our Promoters' average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price of the shares proposed to be offered through this Draft Red Herring Prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to "*Capital Structure*" on page 47 of this Draft Red Herring Prospectus.

39. *We have been unable to trace certain sanction letters issued to us by our lenders.*

Our management have encountered challenges in locating copies of certain sanction letters issued to them by specific lenders. As a result, we have been unable to obtain primary documentary evidence to independently verify the terms, conditions, and covenants of these borrowings. Consequently, neither we nor the Book Running Lead Manager have been able to independently verify these details in the absence of these sanction letters.

Furthermore, there can be no assurance that these sanction letters will be located in the future, if at all. Therefore, we cannot provide assurance that all or any of the information relating to the borrowings and associated terms in this Draft Red Herring Prospectus is complete, true, and accurate.

40. *We have been unable to secure NOC from certain lender.*

As of the date of this Draft Red Herring Prospectus, we have encountered challenges in securing the necessary No Objection Certificate (NOC) for our Initial Public Offering from certain secured lenders. Specifically, these lenders have financed the automobile loans within our company. It may impact our ability to proceed with the offering and fulfill regulatory requirements. The absence of these NOCs may lead to delays or inability to proceed with the IPO and could affect the timing and success of the issue. There can be no assurance that we may be able to secure these NOCs in a timely manner or at all.

41. *We have not made any dividend payments in the past and our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations financial condition, cash requirements, business prospects and any other financing arrangements.

Additionally, we may not be permitted to declare any dividends under the loan financing arrangement that our Company may enter into future, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof.

Accordingly, realization of a gain on shareholders' investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details regarding our dividend policy, please see "**Dividend Policy**" on page 126 of this Draft Red Herring Prospectus.

42. *The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titled "Objects of the Issue".*

The fund requirement and deployment plan, as mentioned in the "**Objects of the Issue**" on page 58 of this Draft Red Herring Prospectus, is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter "Objects of the Issue" is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency.

Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter "Objects of the Issue" will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

43. *There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.*

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above ₹10,000 Lakh. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the Audit Committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

44. *Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

45. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we were not required to incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations.

There can be no assurance that we will be able to satisfy our reporting obligations. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange, if any, could lead to imposition of penalties, including suspension of trading in shares of the Company.

46. *We are exposed to the risk of delays or non-payment by our clients and other counterparties, which may also result in cash flow mismatches.*

We are exposed to counter party credit risk in the usual course of our business dealings with our clients or other counterparties who may delay or fail to make payments or perform their other contractual obligations. The financial condition of our clients, business partners, suppliers and other counterparties may be affected by the performance of their business which may be impacted by several factors including general economic conditions. We cannot assure you of the continued viability of our counterparties or that we will accurately assess their creditworthiness. We also cannot assure you that we will be able to collect the whole or any part of any overdue payments. Any material non-payment or non-performance by our clients, business partners, suppliers or other counterparties could affect our financial condition, results of operations and cash flows. For further details of

our business and clients, please see “Our Business” and “Management Discussion & Analysis of Financial Conditions and Result of Operation” of this Draft Red Herring Prospectus.

47. *Our operations could be adversely affected by disputes with employees.*

While we believe we maintain good relationships with our workforce, there can be no assurance that the Company will not experience future disruptions to its operations due to disputes or other problems with its work force.

48. *Interest rate fluctuations may adversely affect the Company's business.*

The Company may enter into certain borrowing arrangements to finance its capital requirements in the ordinary course of business for general working capital purposes. In the event interest rates increase, the Company's costs of borrowing will increase, and its profitability and results of operations may be adversely affected.

49. *Our inability to establish internal control systems could cause operational errors which may adversely affect our business.*

A critical piece of our growth strategy is to develop and maintain streamlined internal systems and processes in order to enhance efficiency and profitability. While we are constantly focused on optimizing our internal controls, any possible lapse in our control mechanism may lead to errors and anomalies that may impact our operations.

50. *Industry information included in this Draft Red Herring Prospectus has been derived from an industry report from various websites. Reliance on the forecasts of the reports could be incorrect and would significantly impact our operations.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics.

Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

51. *You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.*

Under current Indian tax laws and regulations, capital gains arising from the sale of Equity Shares in an Indian Company are generally taxable in India. Any gain realized on the sale of listed Equity Shares on a stock exchange held for more than 12 months shall be subject to capital gains tax in India at 10% of such capital gain exceeding ₹ 1 lakh if Securities Transaction Tax (STT) has been paid on both acquisition and transfer of such shares. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Any gain realised on the sale of Equity Shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, will be subject to long term capital gains tax in India. However, any gain realized on the sale of listed Equity Shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Further, any gain realised on the sale of listed equity shares held for a period of 12 months or less which are sold other than on a recognised stock exchange and on which no STT has been paid, will be subject to short term capital gains tax at a relatively higher rate as compared to the transaction where STT has been paid in India. For more details, please refer to the section entitled “Statement of Tax Benefits”.

ISSUE RELATED RISK FACTORS

52. *We cannot assure you that our equity shares will be listed on the NSE EMERGE in a timely manner or at all, which may restrict your ability to dispose of the equity shares.*

Though we shall make best of our efforts to comply with all applicable regulatory, financial and operational requirements for getting the equity shares proposed to be offered through this Draft Red Herring Prospectus listed on NSE EMERGE platform in a time bound manner, yet on account of any change in applicable laws, economic conditions and/or any other reason/s beyond our control, the said shares may not get listed on the EMERGE Platform of National Stock Exchange of India Limited in a timely manner or at all, which may restrict your ability to dispose of the equity shares. However, even in such circumstances, the Company shall stay fully committed to pay such interest and/or refund the full application amount, as may be required in accordance with the applicable regulatory directives.

53. *Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.*

Any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

54. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.*

After listing permission and trading permission of equity shares have been granted, the price of the shares shall be driven by free market forces. The market price of a company's share is determined by the forces of supply and demand in the stock market. These forces are influenced by a variety of factors, including the company's financial performance, industry trends, economic conditions, and investor sentiment.

When a company issues equity shares, it sets an issue price based on various factors such as the company's valuation, the prevailing market conditions, and the demand for its shares. However, the issue price is not necessarily indicative of the market price of the shares after the issue.

Once the shares are listed on the stock exchange, their price is determined by the forces of supply and demand in the market. If there is strong demand for the shares, the price may rise above the issue price, and if there is weak demand, the price may fall below the issue price.

Therefore, while the issue price of equity shares provides a starting point for the company's valuation, it is not necessarily a reliable indicator of the market price of the shares after the issue. Investors should carefully evaluate all relevant factors and information before making investment decisions in the stock market.

55. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Following the Issue, we will be subject to a daily "circuit breaker" imposed by the Stock Exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

56. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The Issue Price of our Equity Shares has been determined by Book Built method. This price is being based on numerous factors (For further information, please see the section "Basis for Issue Price" of this Draft Red Herring Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

57. *Holder of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.*

Under the Companies Act, a company constituted through share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution. However, if the laws of the jurisdiction in which the investors are located do not permit them to exercise their pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the

investor's benefit. The value the custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emption rights granted in respect of the Equity Shares held by them, their proportional interest in us would be reduced.

EXTERNAL RISK FACTORS

58. *Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.*

Our business and industry is regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

59. *Any adverse change or downgrade in the Sovereign Ratings of India may adversely affect our business, results of operations and cash flows.*

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

60. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

61. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

62. *Natural calamities like epidemics, pandemic, or fire, war, terrorist attacks, civil riots or other events could materially and adversely affect our business.*

Natural disasters (earthquakes, floods, etc.), epidemics, pandemics, war, terrorist attacks and other events, which are beyond our control, may lead to economic instability, which may in turn materially and adversely affect our business, financial condition and results of operations. Our operations could also be adversely affected by fires, natural disasters and/or severe weather, which can result in damage to our property. We cannot assure you that there will not be any such accidents in the future thereby causing an adverse effect. We cannot assure you that there will not be any such accidents in the future thereby causing an adverse effect on our business and operations. Any terrorist attacks or civil unrest as well as other adverse social, economic and political events in India could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the price of the Equity Shares.

63. *If there is any change in laws or regulations, or their interpretation, such changes may significantly affect our financial statements or affect our conduct of operation.*

Any change in Indian tax laws could have an effect on our operations. For instance, the Taxation Laws (Amendment) Act, 2019, prescribes certain changes to the income tax rate applicable to companies in India. According to this Act, companies can henceforth voluntarily opt in favor of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the tax rate (on gross basis) for Indian companies. Any such future amendments may affect our

ability to claim exemptions that we have historically benefited from, and such exemptions may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

The Finance Act, 2020 (“Finance Act”), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime. For instance, dividend distribution tax (“DDT”) will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident and are likely to be subject to tax deduction at source.

Further, the Government of India has introduced the Finance Bill, 2023, in the Union Budget for Fiscal 2024. The Finance Bill, 2023 proposes various amendments to taxation laws in India. As such, there is no certainty on the impact that the Finance Bill, 2023 may have on our business and operations or on the industry in which we operate. In addition, unfavorable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs relating to compliance with such new requirements, which may also require management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

64. *The Indian tax regime is currently undergoing substantial changes which could adversely affect our business.*

The goods and service tax (“GST”) that has been implemented with effect from July 1, 2017 combines taxes and levies by the GoI and state governments into a unified rate structure, and replaces indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, cess and surcharge and excise that were being collected by the GoI and state governments.

As regards the General Anti-Avoidance Rules (“GAAR”), The general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18. The GAAR provisions intend to declare an arrangement as an “impermissible avoidance arrangement”, if the main purpose or one of the main purposes of such arrangement is to obtain a tax benefit, and satisfies at least one of the following tests (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm’s length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, that is not ordinarily engaged for bona fide purposes. If GAAR provisions are invoked, the tax authorities will have wider powers, including denial of tax benefit or a benefit under a tax treaty. In the absence of any precedents on the subject, the application of these provisions is uncertain. As the taxation regime in India is undergoing a significant overhaul, its consequent effects on economy cannot be determined at present and there can be no assurance that such effects would not adversely affect our business, future financial performance and the trading price of the Equity Shares.

65. *Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging Asian market countries. Financial turmoil in Europe and elsewhere in the world in recent years has affected the Indian economy. In recent times, the Indian financial markets had been negatively affected by the volatility in global financial market, including on account of certain European nations’ debt troubles and move to break away by the United Kingdom from the European Union. Although, economic conditions are different in each country, investors’ reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Currencies of a few Asian countries have in the past suffered depreciation against the U.S. Dollar owing to, amongst other, the announcements by the U.S. government that it may consider reducing its quantitative easing measures. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur and could harm our business, future financial performance and the prices of the Equity Shares.

66. *A significant change in the Government of India’s economic liberalization and deregulation policies could adversely affect our business and the price of our Equity Shares.*

The Government of India has traditionally exercised, and continues to exercise, a dominant influence over many aspects of the economy. Unfavourable government policies including those relating to the internet and e-commerce, consumer protection and data-privacy, could adversely affect business and economic conditions in India, and could also affect our ability to implement our strategy and our future financial performance. Since 1991, successive governments, including coalition governments, have pursued policies of economic liberalization, including significantly relaxing restrictions on the private sector and encouraging the development of the Indian financial sector. However, the members of the Government of India and the composition of the

coalition in power are subject to change. As a result, it is difficult to predict the economic policies that will be pursued by the Government of India. For example, there may be an increasing number of laws and regulations pertaining to the internet and e-commerce, which may relate to liability for information retrieved from or transmitted over the internet or mobile networks, user privacy, content restrictions and the quality of services and products sold or provided through the internet. The rate of economic liberalization could change and specific laws and policies affecting the financial services industry, foreign investment, currency exchange and other matters affecting investment in our securities could change as well.

Any significant change in India's economic liberalization and deregulation policies could adversely affect business and economic conditions in India generally and our business in particular.

67. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

While rapid strides are being made in developing India's physical infrastructure there are still gaps that need to be addressed. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

The allocation to each Retail Investor shall not be less than the minimum Bid Lot, and subject to availability of Equity Shares in the Retail Portion, the remaining available Equity Shares, if any, shall be allocated on a proportionate basis.
- The SEBI ICDR Regulations permit the issue of securities to the public through the Book Building Process, which states that, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non- Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation on a proportionate basis to Retail Individual Bidders and not more than 50% of the Net Issue shall be allotted on a proportionate basis to QIBs, subject to valid Bids being received at or above the Issue Price. Accordingly, we have allocated the Net Issue i.e. not more than 50% of the Net Issue to QIB and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Investors and not less than 15% of the Net Issue shall be available for allocation to Non-institutional bidders
- Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with the Book Running Lead Manager and the Designated Stock Exchange, subject to applicable laws.
- Our Company in consultation with the BRLM may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with SEBI Regulation. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the QIB Portion. 5% of the QIB Portion (excluding Anchor Investor Portion) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion (excluding Anchor Investor Portion) shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. In the event the aggregate demand from Mutual Funds is less than as specified above, the balance Equity Shares available for Allotment in the Mutual Fund Portion will be added to the QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and in Regional newspaper where our registered office is situated at least two working days prior to the

Bid/Issue Opening date. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process are-

- Our Company;
- The Book Running Lead Manager in this case being SKI Capital Services Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with NSE and eligible to act as Underwriters The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB portion to Anchor Investors on a discretionary basis in accordance with SEBI (ICDR) Regulation ("The Anchor Investor Portion) , out of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price.

Further, not less than 15 % of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All potential Bidders, except Anchor Investors, are required to use the ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange. Allocation to Anchor Investors will be on a discretionary basis.

All Bidders, other than Anchor Investors are mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process.

All Bidders, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non-Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled "**Issue Procedure**" beginning on page 233 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled "**Issue Procedure**" on page 233 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investor

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 233 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Red Herring Prospectus and in the Bid cum Application Form;

On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the BRLM have entered into a tripartite agreement dated [●] with [●] the Market Maker for this Issue, duly registered with NSE EMERGE to fulfill the obligations of Market Making:

Name:	[●]
SEBI Registration No.:	[●]
NSE SME Registration No.:	[●]
Address:	[●]
Telephone No.:	[●]
Website:	[●]
Email ID:	[●]
Contact Person:	[●]

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of National Stock Exchange of India Limited and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors
6. On the first day of the listing, there will be pre-opening session (call auction) and thereafter the trading will happen as per the equity market hours The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the abovementioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

9. Risk containment measures and monitoring for Market Makers: Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
10. Punitive Action in case of default by Market Maker: Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.
11. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

The requirements of the objects detailed above are intended to be funded from the proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in the light of changes in external circumstances or costs or other financial conditions and other external factors.

IN CASE OF ANY INCREASE IN THE ACTUAL UTILIZATION OF FUNDS EARMARKED FOR THE OBJECTS, SUCH ADDITIONAL FUNDS FOR A PARTICULAR ACTIVITY WILL BE MET BY WAY OF MEANS AVAILABLE TO OUR COMPANY, INCLUDING FROM INTERNAL ACCRUALS. IF THE ACTUAL UTILIZATION TOWARDS

ANY OF THE OBJECTS IS LOWER THAN THE PROPOSED DEPLOYMENT SUCH BALANCE WILL BE USED FOR FUTURE GROWTH OPPORTUNITIES INCLUDING FUNDING EXISTING OBJECTS, IF REQUIRED. IN CASE OF DELAYS IN RAISING FUNDS FROM THE ISSUE, OUR COMPANY MAY DEPLOY CERTAIN AMOUNTS TOWARDS ANY OF THE ABOVE-MENTIONED OBJECTS THROUGH A COMBINATION OF INTERNAL ACCRUALS OR UNSECURED LOANS (BRIDGE FINANCING) AND IN SUCH CASE THE FUNDS RAISED SHALL BE UTILIZED TOWARDS REPAYMENT OF SUCH UNSECURED LOANS OR RECOUPING OF INTERNAL ACCRUALS. HOWEVER, WE CONFIRM THAT NO BRIDGE FINANCING HAS BEEN AVAILED AS ON DATE, WHICH IS SUBJECT TO BEING REPAID FROM THE ISSUE PROCEEDS. WE FURTHER CONFIRM THAT NO PART OF PROCEED OF THE ISSUE SHALL BE UTILISED FOR REPAYMENT OF ANY PART OF UNSECURED LOAN OUTSTANDING AS ON DATE OF DRAFT RED HERRING PROSPECTUS.

As we operate in a competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see "**Risk Factors**" beginning on page 18 of the Draft Red Herring Prospectus.

DETAILS OF UTILIZATION OF ISSUE PROCEEDS

1. Investment in of our Subsidiaries, namely, SPH Aviation Private Limited and Famer's City International Private Limited for funding business initiatives:

Our Company manages two subsidiaries, SPH Aviation Private Limited and Farmer's City International Private Limited. SPH Aviation is expanding its drone training programs and establishing a drone assembly plant, in alignment with Our Company's rural and agri focus. Simultaneously, Farmer's City International is enhancing its Farmer's City Marts, streamlining access to farming essentials and access to drone-as-a-service for our trained pilots.

Our company proposes to utilize Rs [●] lakh of the net proceeds towards funding business initiatives.

SPH Aviation Private Limited ("SPH"):

SPH Aviation Private Limited is actively expanding its Remote Pilot Training Organizations (RPTOs) and diversifying its training programs, all DGCA-approved. We aim to cater to the increasing demand for skilled drone pilots, providing the necessary training and DGCA certification to meet industry requirements.

Additionally, we are establishing a drone assembly plant to contribute to the growth of the drone sector. This facility will be dedicated to the production and assembly of drones, meeting market demands.

Our approach includes expanding the number of RPTOs and developing a drone assembly plant, reflecting our commitment to advancing the aviation industry. Furthermore, our collaboration with Farmer's City Marts (FCMs) will create additional opportunities for pilots trained by SPH to offer drone services for farming and rural-specific uses, including tasks like crop dusting and surveying.

Our Company is currently working on the field level to mobilize and counsel candidates who possess specific education and work experience. Following a rigorous selection process, candidates will be enrolled for training, and after a 10-day test, passing candidates will continue the course, as per the Company's final filtration criteria.

Among these candidates, individuals will undergo an extensive 390-hour training programme to become certified Kisan Drone Operators. To facilitate their training, State Governments and the Union Government will sponsor the training costs through various training schemes, allowing candidates to receive training free of cost.

Drones manufactured by our Company shall be earmarked for sale to qualified Drone Pilots as per Govt. of India regulations. As the Govt. of India allows drones to be purchased only by certified pilots, the drone pilots qualifying from our RPTOs are immediately eligible to purchase their own drones. By the time candidates begin to qualify as Drone Pilots after the mandatory training from these RPTOs and are ready to offer drone services, our Company already has a ready pool of captive customers. To make drones accessible to the trained candidates, the drones shall be part financed/subsidised under various government schemes and programmes.

This comprehensive approach ensures that skilled candidates have access to the necessary training and resources to become certified Kisan Drone Operators. By leveraging government subsidies, our Company aims to empower individuals with drones, enabling them to explore entrepreneurial opportunities in the agricultural sector.

The drone related activities within our organization are overseen by SPH. Our Company holds a majority ownership of 76% in SPH, with the remaining 24% ownership vested in the original founder of SPH, Mr. Himanshu Sharma.

Farmer's City International Private Limited (“FCIPL”):

At Farmer's City International Private Limited, we are committed to expanding the reach of Farmer's City Marts (FCMs). These central hubs for essential farming necessities streamline the agricultural ecosystem, making vital products like fertilizers and seeds easily accessible to farming communities.

We will allocate funds to significantly increase the number of Farmer's City Marts and enhance the services they offer. These stores will offer a one-stop solution for farmers, providing a range of essential services and products. The Farmers City Stores will be instrumental in bridging the gap between farmers’ requirements and availability of necessary inputs by offering the following services:

- Drone-as-a-Service: Farmers can hire drones for various agricultural purposes.
- Pesticides: Access to a wide range of quality pesticides.
- Fertilizers: Offering a diverse selection of fertilizers for different crops.
- Cattle Feed: Providing nutritious feed for livestock.
- Seeds: Offering a variety of high-quality seeds for crop cultivation.
- Agri Equipment Rental: Facilitating the hiring of agricultural equipment.
- PM KUSUM Products: Connecting farmers with empanelled vendors under the PM KUSUM scheme.
- Assistance to farmers in accessing microfinance options linked to the Kisan Credit Card.

Moreover, Farmers City Marts will function as Custom Hiring Centers (“CHC(s)”) and aggregators, offering the following additional services:

- Sale/Purchase/Rental of Lands, Livestock, and Agri Equipment.
- Information on exporters interested in direct purchases from farmers' fields.
- Updates on Union Government and State Government schemes for farmers.
- Information on insurance and financial assistance available from various organizations.

Over the last years we have reached out to rural and farmer families through skilling & training programmes. Besides, the Company has also engaged with local agri intermediaries, financiers and influencers (“Aadhtis”) to develop a strong community based on the integration of diverse elements of the agri value chain. By transforming Aadhtis into Agri Entrepreneurs and establishing Farmers City Stores, the Company will develop the agricultural landscape and enhance farmer empowerment through comprehensive support and services, Aadhtis will not only provide financial assistance but also serve as a hub for procuring various agri inputs and other essential products required by farmers. By diversifying their offerings, Aadhtis stand to generate additional revenue streams, complementing their existing business.

Each FMC will be the focal point of the local agrarian community to transact in the entire range of goods and services across the farming value chain including seeds, fertilizers, pesticides, agricultural machinery and Drone-as-a-Service which will also be offered through them by Farmers’ Cooperatives.

The Farmer's City Marts (FCM) operations within our organization are conducted through FCIPL, in which our Company holds a 76% ownership stake. The remaining 24% ownership is attributed to the original founder of FCIPL, Mr. Vivek Bansal.

Proposed form of investment:

We propose to continue making investments in new business initiatives by directly financing all or a portion of the incubation costs, infrastructure costs as well as other related ancillary costs from the Net Proceeds. We may invest through equity or debt or any other instruments in these subsidiaries as may be decided by the board of directors of the Company from time to time. Any additional funding requirements for the new business initiatives shall be met out of the portion of the Net Proceeds allocated for general corporate purposes and/or through our internal accruals or debt financing or any combination thereof.

Nature of benefit expected to accrue:

Our Company, oversees the growth and development of its subsidiaries, SPH Aviation Private Limited and Farmer's City International Private Limited, stands to gain several significant benefits from funding these initiatives.

Investing in SPH's expansion of Remote Pilot Training Organizations (RPTOs) and the establishment of a drone assembly plant presents the holding company with opportunities to diversify its portfolio, tap into the thriving aviation sector, and generate revenue streams from the burgeoning drone technology market. This strategic move aligns with the broader corporate vision of our Company to expand its presence in technology-driven industries, enhancing its overall market positioning and profitability.

On the other hand, funding the expansion of Farmer's City Marts offers our Company a strong foothold in the agricultural and rural market segment. These initiatives streamline the supply chain for farming essentials and, through collaboration with SPH Aviation, unlock the potential for drone services tailored to farming and rural needs. This positions us for long-term benefits such as increased market share, revenue diversification, and alignment with sustainable and rural-focused business practices.

Funding these initiatives in both subsidiaries not only enhances our Company's diversification strategy but also contributes to its market positioning, profitability, and sustainability, all of which are critical to our long-term success and resilience in a dynamic business landscape.

2. Working Capital Requirements

Our Company is a “Category A” Training Partner recognized by the National Skill Development Corporation (NSDC) and serves a wide range of government departments & agencies, including other training providers. We endeavour to expand our footprint in drone training and skill development. The expansion strategy is likely to lead to increased working capital requirements, with our offering more advantageous terms to our customers. As we gear up for enhanced activities in RPTO operations and skill training, the demand for drone components, materials, and related services is expected to grow. To meet these operational demands while ensuring efficient cash flow management, the company plans to efficiently manage its working capital requirements. These proactive measures are anticipated not only to consolidate the company's position with existing clients but also to penetrate new markets, driving the projected increment in our business.

For detailed information on the business of our Company please refer to the section entitled “Our Business” beginning on page number 93 of this Draft Red Herring Prospectus.

Trade Receivables	1,024.68	1,035.97	1,719.88	4,567.02	15,812.66	Our projected trade receivables showcase a marked increase for 31-Mar-24 and 31-Mar-25. This anticipated rise is the result of the company's forward-looking strategies aimed at expanding its footprint in drone training, skill development, and retail. The expansion strategy is likely to lead to growth in credit sales,

						with our offering more advantageous credit terms to its clients. These proactive measures are anticipated not only to consolidate the company's position with existing clients but also to penetrate new markets, driving the projected increment in accounts receivable.
Trade Payables	346.98	539.28	755.72	5,161.01	16,276.22	In tandem with the projected rise in receivables, our trade payables are also projected to see a increase for the years 31-Mar-24 and 31-Mar-25. This forecasted escalation is a byproduct of the company's strategic vision related to its operational expansions. As we gears up for enhanced activities in RPTO operations and skill training, the demand for drone components, materials, and related services is expected to grow. To meet these operational demands while ensuring efficient cash flow management, the company has engaged in discussions with its suppliers to extend payment terms. This approach is anticipated to provide the firm with the necessary financial leeway, culminating in the projected growth in trade payables.

BASIS FOR ISSUE PRICE

Investors should read the following summary with the “**Risk Factors**”, the details about our Company under the “**Our Business**” and its financial statements under the “**Financial Information**” beginning on page 18, page 93 and page 127 respectively of this Draft Red Herring Prospectus. The trading price of the Equity Shares of our Company could decline due to these risks and the investor may lose all or part of his investment.

Price Band/ Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager on the basis of the assessment of market demand for the Equity Shares through the Book Building Process and on the basis of the qualitative and quantitative factors as described in this section. The face value of the Equity Shares is 2/- each and the Issue Price is [●] times of the face value at the lower end of the Price Band and [●] times of the face value at the upper end of the Price Band.

QUALITATIVE FACTORS

Some of the qualitative factors, which form the basis for computing the price, are:

- Strong partnerships, alliances and affiliations with nodal agencies in the areas of agriculture and skill development;
- Robust systems and processes across all functions of the company;
- Strong technology backbone supported by a dedicated team of experienced professionals;
- Favourable macro environment;

For further details, refer heading chapter titled “Our Business” beginning on page 93 of this Draft Red Herring Prospectus.

QUANTITATIVE FACTORS

The information presented in this section is derived from our Restated Financial Statements. For details, see “Financial Information” on page 127. Investors should evaluate our Company and form their decisions taking into consideration its earnings, and based on its growth strategy. Some of the quantitative factors which may form the basis for computing the Issue price are as follows:

1. Consolidated Basic & Diluted Earnings Per Share (EPS):

Financial Year	Basic EPS	Diluted EPS	Weight
	(₹)	(₹)	(x)
2022-23	2.49	2.49	3
2021-22	0.14	0.14	2
2020-21	(0.12)	(0.12)	1
Weighted Average EPS (₹)	1.27	1.27	6
June 30, 2023	0.48	0.48	

Note:

The ratios have been computed as under:

- EPS Calculations have been done in accordance with Accounting Standard 20 - Earning per share issued by the Institute of Chartered Accountants of India.
- Basic earnings per share are calculated by dividing the net profit after tax by the weighted average number of Equity Shares outstanding during the period.
- Weighted Average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.
- For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except where the results are anti-dilutive.
- Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each year/Total of weights
- The figures disclosed above are derived from the Restated Financial Information of our Company.
- The Company does not have any outstanding dilutive potential equity shares. Hence, basic and diluted earnings/(loss) per share of the Company are same. Further, we have calculated the EPS/DEPS of FY 2023 after adjustment for issue of bonus share in June 2023.
- As the Holding Company, AITMC Ventures Limited, has acquired 2 (Two) subsidiaries in the financial year 2022-23, Hence, the Consolidated Financial Statements has been prepared starting from financial year 2022-23 and accordingly, there are

no consolidated financial statement prior to financial year 2023 and hence, number of standalone financials has been used in FY 2022 & 2021.

2. Price to Earnings (P/E) Ratio in relation to the Issue Price of ₹ [●] per Equity Share of Face Value of ₹ 2 each fully paid up:

Haryana -122002

Sub: Statement of Possible Special Tax Benefits Available to the Company and its shareholders prepared in accordance with the requirements under Schedule VI-PART A, Clause (9) (L) of the SEBI (ICDR) Regulations, 2018, as amended (the "Regulations")

Dear Sirs,

We hereby report that the enclosed annexure prepared by the management of **AITMC Ventures Limited**, states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfil.

This statement of possible special tax benefits is required as per Schedule VI (Part A) (9)(L) of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended ('SEBI ICDR Regulations'). While the term 'special tax benefits' has not been defined under the SEBI ICDR Regulations, it is assumed that with respect to special tax benefits available to the Company, its shareholders and its subsidiary and the same would include those benefits as enumerated in the statement. The benefits discussed in the enclosed statement cover the possible special tax benefits available to the Company, its Shareholders and do not cover any general tax benefits available to them. Any benefits under the Taxation Laws other than those specified in the statement are considered to be general tax benefits and therefore not covered within the ambit of this statement. Further, any benefits available under any other laws within or outside India, except for those specifically mentioned in the statement, have not been examined and covered by this statement.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

1. The Company or its shareholders will continue to obtain these benefits in future; or
2. The conditions prescribed for availing the benefits have been/would be met
3. the revenue authorities courts will concur with the views expressed herein.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

No assurance is given that the revenue authorities/Courts will concur with the view expressed herein. Our views are based on existing provisions of law and its implementation, which are subject to change from time to time. We do not assume any responsibility to update the views consequent to such changes.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Prospectus/ Prospectus or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

RELATED TO OUR BUSINESS

Industry related laws

National Skill Development Corporation (NSDC) Guidelines

The NSDC sets standards and guidelines for skill development programs in India. Companies offering skilling programs often need to adhere to these guidelines to maintain quality and receive government support.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY)

Firms involved in skill development should comply with the rules and regulations set forth by PMKVY, a flagship government scheme. This includes adhering to training standards, certification procedures, and other program-specific requirements.

Apprenticeship Act, 1961

This law governs the training of apprentices in various industries. Companies offering apprenticeship programs must comply with the provisions of this act, which includes terms of employment, working hours, wages, and safety measures.

Aircraft Act, 1934, as amended (“Aircraft Act”), the Aircraft Rules, 1937, as amended (“Aircraft Rules”), the Drone Rules, 2021, as amended (“Drone Rules”)

The Aircraft Act and the Aircraft Rules were enacted to control the manufacture, possession, use, operation, sale, and the import and export of aircraft. They stipulate parameters for determining airworthiness, maintenance of aircrafts, general conditions for flying and safety, registration of aircrafts and conduct of investigations. The Directorate General of Civil Aviation (“DGCA”) is the competent authority for providing the abovementioned license and approvals. Pursuant to the Aircraft (Amendment) Act, 2020, three regulatory bodies under the Ministry of Civil Aviation were accorded the status of statutory organisations, namely the DGCA, the Bureau of Civil Aviation Security and the Aircraft Accidents Investigation Bureau.

Intellectual Property Laws

The Trademarks Act, 1999 (“Trademarks Act”)

The Trademarks Act provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement. The Trademarks Act also prohibits any registration of deceptively similar trademarks or compounds, among others. It also provides for infringement, falsifying and falsely applying trademarks.

Further, pursuant to the notification of the Trademark (Amendment) Act, 2010 simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark (Amendment) Act, 2010 also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law with international practice.

Copyright Act, 1957

The Copyright Act, 1957, along with the Copyright Rules, 1958, (collectively, “Copyright Laws”) serve to create property rights for certain kinds of intellectual property, generally called works of authorship. The Copyright Laws protect the legal rights of the creator of an ‘original work’ by preventing others from reproducing the work in any other way. The intellectual property protected under the Copyright Laws includes literary works, dramatic works, musical works, artistic works, cinematography and sound recordings. The Copyright Laws prescribe a fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions.

The Patents Act, 1970 (“Patents Act”)

The patent regime in India is governed by the Patents Act and rules and regulations made thereunder. Pursuant to the TRIPS Agreement, product patent regime with a protection period of 20 years became applicable in India. The patent regime protects inventions through patents. The amended Patents Act defines “inventive step” to mean a feature of an invention that involves a technical advance as compared to the existing knowledge or having economic significance or both and that makes an invention not obvious to a person skilled in the art. Any person claiming to be the true and first inventor of the invention or the assignee of the true and first inventor or the legal representative of any deceased person who was entitled to make an application immediately before death may apply for a patent for an invention.

The Designs Act, 2000 (the “Designs Act”)

The Designs Act prescribes for the registration of designs. The Designs Act specifically lays down the essentials of a design to be registered and inter alia, provides for application for registration of designs, copyright in registered designs, etc. A ‘Design’ means only the features of shape, configuration, pattern, ornament or composition of lines or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, trademarks and copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same before the Controller- General of Patents, Designs and Trade Marks. On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration.

No person may sell, apply for the purpose of sale or import for the purpose of sale any registered design, or fraudulent or obvious imitation thereof.

Employment related laws

-

Taxation laws

In addition to the aforementioned legislations which are applicable to our Company, some of the tax legislations that may be applicable to the operations of our Company include:

- Income Tax Act, 1961, the Income Tax Rules, 1962, as amended by Finance Act in respective years;
- Central Goods and Service Tax Act, 2017, the Central Goods and Service Tax Rules, 2017 and various state-wise legislations made thereunder;
- The Integrated Goods and Service Tax Act, 2017;
- Professional Tax state-wise legislations;
-

Environment law legislations

The Environment (Protection) Act, 1986 (the “Environment Act”) and Environment Protection Rules, 1986 (the “Environment Protection Rules”)

The Environment Act has been enacted with the objective of protection and improvement of the environment, control, reduce and abate pollution and empowers the government to take measures in this regard. Further, the Environment Protection Rules specifies, amongst other things, the standards for emission or discharge of environmental pollutants, and restrictions on the handling of hazardous substances in different areas. For contravention of any of the provisions of the Environment Protection Act or the rules framed thereunder, the punishment includes either imprisonment or fine or both. As per the Environment Protection Rules, every person who carries on an industry, operation or process requiring consent under Water Act or Air Act or both or authorization under the Hazardous Wastes Rules is required to submit to the concerned state pollution control board an environmental audit report for that financial year in the prescribed form.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “Hazardous Waste Rules”)

The Hazardous Waste Rules, read with the Environment Protection Act, ensure resource recovery and disposal of hazardous waste in an environmentally sound manner. A categorical list of processes and their respective hazardous wastes, and waste constituents with respective concentration limits has been provided in the schedules of the Hazardous Waste Rules. The Hazardous Wastes Rules require every occupier engaged in the generation, handling, processing, treatment, package, storage, transportation, use, collection, destruction, transfer or the like of hazardous wastes to obtain authorization from the concerned state pollution control board, as applicable.

Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”) and Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Air Act was enacted to provide for the prevention, control and abatement of air pollution in India. The Air Act requires any person establishing or operating any industrial plant in an air pollution control area to obtain prior consent from the concerned state pollution control board. Further, it prohibits any person operating any industrial plant in an air pollution control area from causing or permitting to be discharged the emission of any air pollutant in excess of prescribed standards. The Water Act was enacted to

control and prevent water pollution and for maintaining or restoring of wholesomeness of water in the country and ensure that domestic and industrial pollutants are not discharged into water bodies without adequate treatment. Any violation of the provisions of the Air Act and Water Act is punishable with a fine and/or imprisonment, as applicable.

E-Waste (Management), 2016 (“E-Waste Rules”)

The E-Waste Rules apply to every manufacturer, producer, consumer, bulk consumer, collection centres, dealers, e-retailer, refurbisher, dismantler and recycler involved in manufacture, sale, transfer, purchase, collection, storage and processing of e-waste or electrical and electronic equipment as classified under the E-Waste Rules, including their components, consumables, parts and spares which make the product operations. The E-Waste Rules mandate that a manufacturer must register with the state pollution control board and also submit annual returns to the same authority. Producers of such e-waste also have extensive responsibilities and obligations and may come under the scrutiny of either the central pollution control board or the state pollution control board. The manufacturer, producer, importer, transporter, refurbisher, dismantler and recycler shall be liable for all damages caused to the environment or a third party due to improper handling and management of the e-waste and may have to pay financial penalties as levied for any violation of the provisions under these rules by the state pollution control board with the prior approval of the central pollution control board.

Other laws applicable to our Company and its business

The Negotiable Instruments Act, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against Defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, and with fine which may extend to twice the amount of the cheque, or with both.

The Bureau of Indian Standards Act, 2016.

The Bureau of Indian Standards Act, 2016 (“BIS Act”) was enacted to provide for the establishment of a national standards body for the harmonious development of the activities of standardisation, conformity assessment and quality assurance of goods, articles, processes, systems and services and for matters connected therewith or incidental thereto. The BIS Act provides for the powers, duties and functions of the BIS, where, inter alia, includes:

- a) recognition of any standard established for any article or process by any other institution in India, or elsewhere as an ‘Indian Standard’;
- b) establishment, publishing and promotion, in such manner as may be prescribed, of the Indian Standard, in relation to any article or process;
- c) specification of a Standard Mark to be called 'Bureau of Indian Standards Certification Mark' which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian Standard;
- d) granting, renewal, suspension or cancellation of a license for the use of Standard Mark; and making such inspection and taking such examples of any material or substance, as may be necessary, to see whether any article or process in relation to which the Standard Mark has been used, conforms to the Indian Standard or whether the Standard Mark has been improperly used in relation to any article or process without a license.
- e)

Consumer Protection Act, 2019 (the “Consumer Protection Act”)

The Consumer Protection Act provides for the protection of the interests of consumers and the establishment of authorities for the timely and effective administration and the settlement of consumer disputes. The Act empowers the Central Government to constitute the Central Consumer Protection Authority to regulate matters relating to the violation of rights of consumers, unfair trade practices and false or misleading advertisements which are prejudicial to the interests of the public and consumers, and to promote, protect and enforce the rights of consumers as a class, and conduct inquiries or investigations under the Consumer Protection Act. The definition of “consumer” has been expanded under the Consumer Protection Act to include persons engaged in offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. One of the substantial changes introduced by Consumer Protection Act is inclusion of the ecommerce industry under Consumer Protection Act with “e-commerce” defined to refer to the buying and selling of goods or services over digital or electronic network. Therefore, the Consumer Protection Act aims to cover entities that are involved in the process of selling goods or services online. Further, the Consumer Protection Act enables complainants to file complaints in respect of, inter alia, goods suffering defects, services suffering deficiencies, and goods or services hazardous to life and safety. Consumers are also empowered to file product liability actions, for claiming compensation for the harm caused to them by defective products or deficient services, in respect of which such product manufacturers or sellers may be held responsible.

LABOUR LAWS

India has extensive labour related legislations. Certain other laws and regulations that may be applicable to our Company in India

The Employees’ Provident Fund And Miscellaneous Provisions Act, 1952:

The EPFA came into force on March 4, 1952 and amended on September 1, 2014. Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, the employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Sexual Harassment Of Women At Workplace (Prevention, Prohibition And Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

FOREIGN REGULATIONS

Foreign Exchange Management Act, 1999:

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. Foreign Exchange Management Act, 1999 ("FEMA") was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India 102 and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

FEMA Regulations:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

The Foreign Trade (Development and Regulation) Act, 1992 ("FTA"):

In India, the main legislation concerning foreign trade is FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. FTA read with the Indian Foreign Trade Policy provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

GENERAL LEGISLATIONS

The Indian Contract Act, 1872:

The Indian Contract Act, 1872 ("Contract Act") codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act also provides for circumstances under which contracts will be considered as 'void' or 'voidable'. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Competition Act, 2002:

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates "combinations" in India. The Competition Act also established the Competition Commission of India (the "CCI") as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Limitation Act, 1963

The law relating to Law of Limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on 5th October, 1963 and which came into force from 1st January, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing

of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, 'period of limitation' means the period of limitation prescribed for any suit, appeal or application by the Schedule, and prescribed period means the period of limitation computed in accordance with the provisions of this Act.

Information Technology Act, 2000 (as amended by Information Technology Amendment Act, 2008)

The Information Technology Act, 2000 (the IT Act) is an Act of the Indian Parliament notified on October 17, 2000. It is the primary law in India dealing with cybercrime and electronic commerce. It was enacted with the purpose of providing legal recognition to electronic transactions and facilitating electronic filing of documents. The IT Act further provides for civil and criminal liability including fines and imprisonment for various cyber- crimes, including unauthorized access to computer systems, unauthorized modification to the contents of computer systems, damaging computer systems, the unauthorized disclosure of confidential information and computer fraud.

Overview of the Indian Economy¹

India, with its vast and diverse economy, has positioned itself as a significant player in the global market. Despite the challenges posed by the COVID-19 pandemic, India's economy is projected to remain resilient and exhibit robust growth. The country has been capturing an increasing share in the global export of goods and services, demonstrating its competitiveness on the international stage. The government's focus on policies such as Make in India and Atmanirbhar Bharat (Self-Reliant India) aims to promote domestic manufacturing, reduce dependency on imports, and strengthen India's position in global supply chains.

Furthermore, the Production Linked Incentive (PLI) scheme, introduced by the Indian government, provides financial incentives to manufacturers in key sectors, encouraging investments, and fostering technological advancements. These initiatives, combined with a growing entrepreneurial ecosystem, skilled workforce, and favorable demographics, contribute to the overall growth outlook of the Indian economy.

Introduction

Strong economic growth in the first quarter of FY 2023-24 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2023–24 grew by 7.8% compared to its last year counterpart, indicating a strong start for India growth passage. Recent economic indicators for India during the first half of 2023 continue to signal expansionary economic conditions driven by domestic demand. FY24 performance of the economy until June 2023 shows a GDP forecast of around \$3.75 trillion experiencing a growth rate of 6.5%. The nominal GDP growth forecast for the FY24 is estimated to be around 10%.

FY24 GDP growth to moderate to 6.5% from 7.2% in FY23 on account of lagged impact of past monetary tightening, adverse spillover from global slowdown, uncertainty related to monsoon performance, waning of pent-up demand and slowdown in global trade, exports contracted on annualized basis for the first time in 10 quarters.

However there have been certain positives also experienced by the economy. Growth in Q1 of FY24 is single-handedly driven by recovery in private consumption, even as other demand side drivers showed moderation. On the supply side, services continue to outpace industry performance with strong traction in contact-intensive activities along with finance and real estate services.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Market Size

India's nominal gross domestic product (GDP) at current prices is estimated to be at ₹ 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritize lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been significant developments in the recent past.

India's foreign exchange reserves stood at US\$ 524,520 million as of September 21, 2022, while the private equity-venture capital (PE-VC) sector received investments worth US\$ 2 billion during the same month. Merchandise exports in September 2022 reached US\$ 32.62 billion, and the PMI Services index indicated continued expansion with a reading of 56.7 from April to September 2022. Additionally, the gross Goods and Services Tax (GST) revenue collection in September 2022 amounted to ₹ 147,686 crore (US\$ 17.92 billion). Cumulative FDI equity inflows to India between April 2000 and June 2022 reached US\$ 604,996 million. In August 2022, the overall Index of Industrial Production (IIP) stood at 131.3, with the mining, manufacturing, and electricity sectors recording indices of 99.6, 131.0, and 191.3, respectively. India's retail inflation, based on the Consumer Price Index (CPI), rose to 7.41% in September 2022. Foreign Portfolio Investment (FPI) outflows amounted to ₹ 58,762 crore (US\$ 7.13 billion) in FY 2022-23 (until October 28, 2022). Furthermore, significant wheat procurement and anticipated paddy purchases were expected to reach 120.8 million metric tons and involve 16.7 million farmers, with a direct payment of MSP value of ₹ 2.37 lakh crore (US\$ 31.74 billion) to their accounts in the Rabi 2021-22 and Kharif 2021-22 seasons.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- **Border Tourism Development Programme:** In September 2022, the foundation stone was laid for the Shri Tanot Mandir Complex Project in Jaisalmer under this program, led by Home & Cooperation Minister.
- **Agriculture and Farmers Welfare:** In August 2022, four new facilities were inaugurated at the Central Arid Zone Research Institute (CAZRI), supporting agricultural research and development.
- **Special Food Processing Fund:** A fund of ₹ 2,000 crores (US\$ 242.72 million) was established in August 2022 with the National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in Mega Food Parks and processing units.

- **Mega Cargo Handling Terminals:** The Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode, with an estimated cost of ₹ 5,963 crores (US\$ 747.64 million)
- **IT Collaboration with Maldives:** In July 2022, India and Maldives signed a Memorandum of Understanding (MoU) to leverage information technology for court digitization, opening up growth opportunities for IT companies and start-ups in both countries.
- **Wildlife Conservation MoU:** India and Namibia signed an MoU in July 2022 for wildlife conservation and sustainable biodiversity utilization, particularly focusing on reintroducing cheetahs into India's historical range.
- **International Trade Settlements:** The Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in July 2022, promoting global trade growth and supporting India's export interests.
- **Gujarat Development Projects:** In June 2022, Prime Minister inaugurated and initiated development projects worth ₹ 21,000 crores (US\$ 2.63 billion) in Vadodara, covering sectors like agriculture, IT, manufacturing, tourism, and defense.
- **AI in Defense:** Minister of Defense launched 75 newly-developed AI products/technologies during the first-ever 'AI in Defense' (AIDef) symposium in New Delhi in July 2022.
- **UP Investors Summit:** In June 2022, Prime Minister laid the foundation stone for 1,406 projects worth over ₹ 80,000 crores (US\$ 10.01 billion) at the UP Investors Summit, spanning various sectors including agriculture, IT, renewable energy, tourism, and defense.

These initiatives are part of the government's broader efforts to boost economic growth, enhance infrastructure, promote innovation, and attract investments in various sectors. The government's flagship programs, such as Make in India, Start-up India, Digital India, and the Smart City Mission, are also focused on creating opportunities and improving the economic conditions in the country.

India's economy has shown resilience and sustained growth in the first half of the current financial year. Despite global challenges, the country has managed to maintain a positive trajectory. One of the notable achievements for India was its ranking as the fifth-largest recipient of foreign direct investment inflows. This reflects the confidence of investors in India's economic potential and the conducive business environment created by the government. Additionally, India has witnessed a rise in employment rates, which further boosts economic growth and prosperity.

Government Support for Capital Expenditure

Capital expenditure (CapEx) plays an indispensable role in driving the growth trajectory of a nation. It encompasses investments in infrastructural projects, technological advancements, and other long-term assets that lay the foundation for future productivity and prosperity. Recognizing the paramount importance of CapEx, the Indian government has consistently taken concerted measures to bolster it, ensuring sustained economic development and infrastructural enhancement.

Robust Financial Commitment: The Economic Survey of 2022-23 unveils the government's unwavering commitment to CapEx. During the initial eight months of FY23, the central government increased its capital expenditure by an impressive 63.4%. This significant financial infusion is not merely a testament to the government's dedication but also a strategic move to drive multiplier effects throughout the economy.

Infrastructure Development: The government's focus has been on infrastructural projects that are crucial for the country's holistic development. From roads, railways, and airports to energy, water, and digital networks, the emphasis has been on creating assets that foster connectivity, accessibility, and efficiency. Such investments not only provide immediate employment opportunities but also set the stage for long-term economic dividends.

Technological Advancements: In today's digital age, technological infrastructure is as critical as physical infrastructure. The government has been proactively investing in digital platforms, IT infrastructure, and research and development. These initiatives not only position India as a global technological hub but also ensure that the benefits of digital transformation percolate to every stratum of society.

Strategic Public-Private Partnerships (PPPs): Recognizing the expertise and efficiency the private sector can bring, the government has been fostering PPPs, especially in sectors like transportation, energy, and health. Such collaborations ensure optimal utilization of resources, risk-sharing, and accelerated project implementation.

Favorable Policy Environment: Beyond direct financial allocations, the government has been creating a conducive policy environment for CapEx. Tax incentives, streamlined regulatory approvals, and dedicated institutions for project monitoring are among the myriad measures taken to encourage both public and private entities to ramp up their capital investments.

Focus on Sustainability: In line with global trends and the pressing need for environmental conservation, the government's capital expenditure strategies are increasingly pivoting towards sustainability. Investments in renewable energy projects, green buildings, and sustainable transport solutions are reflective of this shift.

Government support for capital expenditure is not just a fiscal strategy but a visionary approach to nation-building. It's a symbiotic process where the investments made today pave the way for a prosperous, sustainable, and inclusive tomorrow. As India continues to leverage CapEx as a strategic tool, it sets a precedent for developing economies worldwide, illustrating how visionary governance can shape a nation's destiny.

INDIA'S SKILLING MISSION NATIONAL SKILL DEVELOPMENT MISSION

Introduction

The National Skill Development Mission serves as a pivotal initiative aimed at addressing the acute shortage of skilled labor in India. Recognizing that only 2.3% of the country's workforce has undergone formal skill training, the mission seeks to bridge this significant gap. The mission is particularly timely given India's demographic advantage, with over 54% of its population below the age of 25. However, this demographic dividend is expected to last only until 2040, making the mission's objectives time-sensitive.

Objectives

The mission operates under various sub-missions, one of which is the "Skill Sub-Mission: Sustainable Livelihoods." This sub-mission aims to empower trainees by providing them pathways to long-term sustainable livelihoods. To achieve this, the mission employs several enablers:

- **Standard Communication Packages:** These are designed to inform trainees about the key features of specific skill development programs, potential employment opportunities, and salary expectations.
- **Counseling Services:** Experts provide career guidance to facilitate the trainees' professional journey.
- **Mentorship:** A core component of the mission, mentorship is provided by industry experts and master trainers to those who successfully complete their training programs.
- **Entrepreneurial Guidance:** Trainees aspiring for self-employment are provided with advice and support to achieve their objectives.

Institutional Mechanisms

The mission is led by a CEO, sourced either from the public or private sector, who has a proven track record of implementing projects successfully. The support team comprises high-performing individuals from both sectors, ensuring a balanced and effective approach to achieving the mission's goals.

Strategy and Structure

The mission's strategy is articulated through its institutional structure at the national, state, and district levels. It focuses on launching seven core sub-missions, each with specific objectives and strategies. The document also provides insights into the financial model that will support the mission's activities.

Conclusion

The National Skill Development Mission serves as a comprehensive blueprint for addressing India's skill gap. Through its well-defined objectives, institutional mechanisms, and strategic focus, the mission aims to leverage India's demographic advantage and transform the country into a skilled workforce powerhouse.

This initiative is not just a step towards economic growth but also a move towards social development, making it a cornerstone for India's future progress.

UAV TRAINING AND MANUFACTURING GLOBAL DRONE MARKET²

In recent years, drones have revolutionized various industries, from agriculture and environmental monitoring to defence and entertainment.

The global development of drones has been marked by remarkable advancements in technology, cost-efficiency, and innovative applications. This article explores the advantages of drones, their evolving technology, cost considerations, and some noteworthy innovations in the field. The global development of drones has led to a multitude of advantages across various industries. With their high spatial and temporal resolution, 3D modeling capabilities, immunity to cloud cover, and evolving technology, drones have become indispensable tools for many applications. As costs continue to decrease and innovations drive new possibilities, the future of drone technology is poised for even greater advancements and widespread adoption.

INDIAN DRONE MARKET³

The drone market in India has experienced significant growth and diversification beyond its initial use in defense. Drones are now being utilized for a wide range of purposes, including the delivery of vaccinations, medical supplies, consumer goods, and food. According to the Civil Aviation Ministry, the Indian drone industry is expected to reach a value of US\$ 1.5-1.9 billion by 2026, thanks to several key factors:

³ <https://www.ibef.org/blogs/indian-drone-industry-reaching-the-skies>

Government Initiatives: The Indian government is actively supporting the drone industry by creating jobs and encouraging investments, particularly from MSMEs (Micro, Small, and Medium Enterprises). Policies have been liberalized to enable individuals and businesses to leverage drone technology.

Startup Ecosystem: India has seen a significant increase in the number of drone startups, with a 34.4% growth between August 2021 and February 2022, totaling 221 startups. These startups are driving innovation and competition in the industry.

Research and Development: The drone industry in India has been actively involved in research and development, resulting in several patents related to drone technologies. This focus on R&D is driving advancements in safety and efficiency.

The drone service market in India is expected to reach US\$ 4,918.9 million by 2030, with a compound annual growth rate (CAGR) of 44.4%. Key segments, such as drone maintenance, repair, and operations (MRO) services, as well as drone training and education services, are also predicted to grow substantially.

Drone service market (in USD million), Allied Market Research, June 2021

Notable examples of drone services include 'pay per use' drone services for agriculture, surveillance, and inspection, as well as initiatives to deploy drones for agricultural purposes across Indian villages.

The potential for manufacturing drones and their components in India is estimated to be around US\$ 23 billion by 2030. This offers significant opportunities for local production, including batteries, airframes, and motors.

In conclusion, India's drone industry has witnessed remarkable growth due to a combination of government support, a thriving startup ecosystem, and active research and development. With simplified regulations, incentives for local manufacturing, and increased adoption across various sectors, the future looks promising for the Indian drone industry, offering economic opportunities and technological advancements.

Advantages of Drones ⁴

1. **Very High Spatial Resolution:** Drones equipped with high-resolution cameras can capture images with incredible detail, achieving spatial resolutions of up to 1 centimetre per pixel. This capability is invaluable for tasks like aerial mapping, land surveying, and disaster assessment.
2. **3D Modeling:** Drones are capable of creating highly accurate 3D models of terrain, buildings, and objects. This feature is essential for urban planning, construction, and archaeology, as it allows professionals to visualize and analyse landscapes in three dimensions.
3. **Not Affected by Cloud Coverage:** Unlike traditional satellite imagery, drones are not hindered by cloud cover. They can be deployed on-demand, providing consistent data collection even in cloudy or overcast conditions.
4. **High Temporal Resolution:** Drones can be deployed frequently, offering high temporal resolution in data collection. This

⁴ <https://www.mdpi.com/2504-446X/7/6/398>

is particularly useful for monitoring rapidly changing situations, such as crop growth, disaster recovery, or wildlife tracking.

Technology Advancements

1. **Improved Battery Life:** One of the challenges drones faced in the past was limited flight time due to battery constraints. However, ongoing advancements in battery technology have led to drones with longer endurance, enabling them to cover larger areas in a single flight.
2. **Autonomous Navigation:** Autonomous drones equipped with advanced sensors and GPS technology can navigate complex environments with minimal human intervention. This has opened up possibilities for applications like automated delivery and surveillance.
3. **Machine Learning and AI:** Drones are increasingly integrated with machine learning and artificial intelligence algorithms, allowing them to identify objects, recognize patterns, and make real-time decisions. This enhances their capabilities in tasks such as object tracking and environmental monitoring.

Cost Considerations

1. **Affordability:** The cost of drones has significantly decreased over the years, making them more accessible to a broader range of users. Consumer-grade drones are now available at relatively low prices, while professional-grade drones offer advanced features at competitive rates.
2. **Operational Costs:** Beyond the initial purchase, operational costs, including maintenance and piloting, have also become more manageable. Many businesses find that investing in drones can lead to cost savings in various industries, such as agriculture and infrastructure inspection.

Innovations in Drone Technology

1. **Swarming Technology:** Researchers have been developing drone swarming technology, where multiple drones work together in coordinated patterns. This innovation has potential applications in agriculture, search and rescue, and military operations.
2. **Vertical Takeoff and Landing (VTOL) Drones:** VTOL drones combine the benefits of fixed-wing and quadcopter designs, allowing them to take off and land vertically while covering long distances with speed and efficiency. These are particularly useful for surveillance and mapping missions.
3. **Hybrid Power Sources:** Some drones are now incorporating hybrid power sources, such as solar panels or hydrogen fuel cells, to extend their range and reduce environmental impact.
4. **Beyond Visual Line of Sight (BVLOS) Operations:** Regulatory changes in some regions are opening the door to BVLOS drone operations. This allows drones to fly beyond the operator's line of sight, unlocking new possibilities in industries like delivery and infrastructure inspection.

APPLICATIONS IN DEVELOPMENT PROJECTS

Drones, also known as Unmanned Aerial Vehicles (UAVs), have emerged as versatile tools with numerous applications in development projects across the globe. Their ability to access remote and inaccessible areas, gather data rapidly, and perform various tasks autonomously has made them invaluable assets in a wide range of development endeavors. This article delves into the applications of drones in development projects, highlighting their role in enhancing efficiency, precision, and overall project success.

Drones have rapidly evolved from their military origins into indispensable tools for development projects worldwide. Their applications in aerial assessments, data collection and analytics, mapping, early warning systems, disaster relief, environmental monitoring, and delivery are transforming the way development initiatives are planned and executed. Drones are not only enhancing efficiency but also expanding the reach of development projects, ultimately contributing to sustainable progress and improved quality of life for communities around the world. As technology continues to advance, the role of drones in development projects is poised to expand even further, opening up new possibilities for innovation and impact.

1. **Aerial Assessments:** Drones are used for conducting aerial assessments of development projects, such as infrastructure construction or agricultural development. They provide real-time visual data that aids project managers in monitoring progress, identifying potential issues, and making informed decisions. Aerial assessments also facilitate the evaluation of project sites before the commencement of work, ensuring better planning and resource allocation.
2. **Data Collection and Analytics:** Drones are equipped with various sensors, including high-resolution cameras, LiDAR, and thermal imaging, which enable them to collect vast amounts of data efficiently. This data is crucial for monitoring land use, tracking changes in vegetation, and assessing soil quality. With the help of advanced analytics, this data can be processed to extract actionable insights, informing evidence-based decision-making in agriculture, land management, and

environmental conservation.

- 3. Mapping:** Drones play a pivotal role in mapping projects. They can create highly detailed and accurate 2D and 3D maps of landscapes, urban areas, and construction sites. These maps aid in land titling, urban planning, disaster risk reduction, and resource management. Drones are particularly valuable in rapidly mapping disaster-affected areas for immediate response and recovery efforts.
- 4. Early Warning Systems:** In regions prone to natural disasters like floods, wildfires, or earthquakes, drones are deployed to establish early warning systems. They can monitor environmental conditions and provide real-time data, helping communities prepare and respond effectively to imminent threats. Early warning systems save lives and reduce the impact of disasters on vulnerable populations.
- 5. Disaster Relief:** Drones are instrumental in disaster relief efforts. They can assess damage, locate survivors, and deliver essential supplies to disaster-stricken areas. Equipped with thermal cameras and advanced sensors, drones can search for survivors in hazardous conditions, optimizing search and rescue operations.
- 6. Environmental Monitoring:** Drones contribute significantly to environmental monitoring and conservation efforts. They are used to track wildlife, monitor deforestation, and assess the health of ecosystems. Conservationists and researchers benefit from the ability of drones to access remote and hard-to-reach locations, reducing the disturbance to delicate environments.
- 7. Delivery:** Drone delivery services have the potential to revolutionize the supply chain and logistics industry. In rural or inaccessible areas, drones can transport medical supplies, vaccines, and other critical goods swiftly and cost-effectively. This application is especially relevant in healthcare and humanitarian aid initiatives.

APPLICATIONS IN TRANSPORT OPERATIONS ⁵

Aerial progress images and videos captured by drones have revolutionized project management and safety assessments across various industries. This innovative technology offers a unique perspective that empowers project stakeholders with real-time insights, enabling informed decision-making, improving site safety, and enhancing predictive data collection. In this article, we explore the diverse applications of aerial progress imagery and video footage in fields ranging from construction and infrastructure to disaster management and environmental monitoring.

Aerial progress images and videos captured by drones have transcended the realm of novelty and become indispensable tools in various industries. They offer a unique perspective that enhances project management, safety assessments, and predictive data collection. Time-lapse videos provide a visual narrative of project progress, while quick site familiarization streamlines planning. Drones excel in inspecting hazardous areas, reducing safety risks to personnel, and enabling predictive analysis, whether for flood estimates or bridge safety assessments. As technology continues to advance, the applications of aerial imagery and video in these contexts will only expand, contributing to improved safety, efficiency, and informed decision-making across diverse sectors.

- 1. Time Lapse Videos:** Time-lapse videos created by drones provide a comprehensive visual record of a project's evolution over time. These videos condense weeks or months of construction, environmental changes, or other developments into just a few minutes. Time-lapses are invaluable for tracking progress, identifying bottlenecks, and showcasing a project's milestones to stakeholders and the public. They offer a dynamic and engaging way to communicate project narratives.
- 2. Quick Site Familiarization:** Aerial imagery and videos allow project teams to quickly familiarize themselves with a site's layout and conditions. This is particularly useful in the early stages of a project when surveying a large area can be time-consuming and costly. Drones provide an efficient means of site reconnaissance, aiding in project planning and resource allocation.
- 3. Inspection of Hazardous/Unsafe Areas:** Drones are deployed to inspect hazardous or unsafe areas, reducing the risk to human personnel. They can assess the integrity of structures, such as bridges, towers, and high-rise buildings, without the need for workers to physically access dangerous locations. This minimizes safety hazards and lowers inspection costs.
- 4. Predictive Data Collection:** Aerial imagery and video data collected by drones enable predictive analysis in various scenarios:
- 5. Flooding Estimates:** Drones equipped with flood modeling software and sensors can assess water levels and flow patterns, providing valuable data for flood risk prediction and response planning. This is crucial for disaster preparedness and mitigating flood-related damages.
- 6. Risk of Bridge Collapse:** Drones can inspect bridges for signs of wear and structural damage. By analyzing the data collected, engineers can predict the risk of collapse based on factors like stream and river debris buildup, corrosion, and stress fractures. This proactive approach to infrastructure maintenance enhances public safety.

⁵<https://www.droneDeploy.com/developers/#:~:text=What%20is%20DroneDeploy%3F,manage%2C%20and%20interpret%20drone%20data.>

7. **Environmental Monitoring:** Drones equipped with specialized sensors can monitor environmental factors like air quality, temperature, and vegetation health. This data aids in predicting environmental changes and their potential impacts on ecosystems, helping with conservation efforts and early intervention.

Drones have ushered in a new era in construction and land management by providing a versatile, efficient, and cost-effective means to capture crucial data for site assessment and development. This article delves into the diverse applications of drones in these domains, showcasing how they enable the creation of 3D models of sites, precise measurements, daily monitoring of progress, topographical drawings generation, earthwork quantity estimations, quality control inspections, and even the detection of illegal land uses and practices.

Drones have emerged as indispensable assets in the realms of construction and land management, offering a wide array of applications. From creating 3D models and providing precise measurements to daily progress monitoring, topographical drawing generation, earthwork quantity estimation, quality control inspections, and the detection of illegal land uses and practices, drones are transforming how we plan, execute, and safeguard our land and development projects. As technology continues to advance, drones are poised to play an even more pivotal role in promoting sustainability, efficiency, and responsible land management.

1. **3D Model of Site:** Drones equipped with advanced sensors, including high-resolution cameras and LiDAR technology, can create highly detailed 3D models of construction sites or landscapes. These models provide an immersive view of the terrain, structures, and natural features, enabling stakeholders to gain a comprehensive understanding of the site's current state and potential challenges.
2. **Exact Measurements:** Drones excel at providing exact measurements of site features, including distances, dimensions, and elevations. This level of precision is invaluable for architects, engineers, and surveyors who rely on accurate data to design and plan projects. Drones ensure that projects adhere to specifications, reducing costly errors and delays.
3. **Daily Monitoring of Progress:** The ability of drones to conduct frequent flyovers allows for daily monitoring of construction or development progress. By comparing these daily images or models, project managers can easily identify any deviations from the plan. This real-time oversight facilitates timely decision-making, enhances project efficiency, and helps ensure project timelines are met.
4. **Generate Topographical Drawings:** Drones are instrumental in generating topographical drawings of sites. These drawings are crucial for tasks like land development, urban planning, and civil engineering projects. They provide a detailed representation of the site's natural features, including contours, slopes, and water bodies, aiding in informed decision-making and design.
5. **Estimate Earthwork Quantities:** Accurate earthwork quantity estimation is vital in construction and infrastructure projects. Drones equipped with photogrammetry software can calculate the volume of earthwork required for excavation or filling. This information helps optimize resource allocation and minimizes material waste.
6. **Quality Control Inspection:** Drones support quality control inspections by comparing design models with as-built models. Any discrepancies are quickly identified, ensuring that construction aligns with the intended design. This process enhances the overall quality of the project and reduces the likelihood of costly rework.
7. **Detecting Illegal Land Uses and Practices:** Beyond construction, drones are crucial tools for land management and environmental protection. They can be deployed to detect illegal land uses such as unauthorized mining, deforestation, or encroachments. By capturing high-resolution images and conducting regular aerial surveys, environmental agencies can track changes and take necessary legal actions.

APPLICATIONS FOR TRANSPORT/IES

Drones have emerged as powerful tools in the field of land rights mapping and cadastral surveys. Their ability to quickly capture high-quality data from the air has revolutionized various aspects of land management, from property registration to population counts and agriculture. As technology continues to advance, the applications of drones in land-related assessments are only expected to grow, further improving land tenure security, urban planning, and agricultural practices worldwide.

the diverse applications of drones in this domain, including survey listings, population counts, migration tracking, urban expansion analysis, agriculture-related tasks, and more.

1. **Survey Listings and Sample Frames:** Drones are playing a crucial role in land rights mapping by generating accurate survey listings and sample frames. By capturing high-resolution imagery and geographic data, drones assist in creating comprehensive databases of land parcels and ownership details. This information is invaluable for governments and land authorities as it helps maintain property records, ensure land tenure security, and prevent land disputes. The ability to quickly survey vast areas with drones significantly accelerates the land registration process, promoting economic development and investment opportunities.

2. **Quick Aerial Settlement and Population Counts:** Traditional population counting methods are often time-consuming and prone to inaccuracies. Drones offer a rapid and precise alternative by conducting aerial surveys of settlements. Equipped with advanced imaging technology, drones can identify and count buildings and dwellings, providing real-time population estimates. This data is vital for urban planning, resource allocation, and disaster response efforts.
3. **Mapping Migration Patterns:** Drones are instrumental in tracking migration patterns and assessing their impact on land use. By capturing aerial images and monitoring changes in land occupancy, they help identify areas experiencing population influx or outflow. This information is invaluable for governments, aid organizations, and researchers, enabling them to respond effectively to the needs of migrating populations, allocate resources, and plan for infrastructure development.
4. **Urban Expansion Analysis:** As urban areas continue to grow, drones are invaluable in monitoring and analyzing urban expansion. They provide high-resolution images that reveal the pace and direction of urban development. This data aids city planners in making informed decisions about infrastructure development, land zoning, and environmental conservation. Additionally, drones help identify unauthorized settlements, enabling authorities to take appropriate action.
5. **Temporary Settlements: Slums and IDP/Refugee Camps:** Drones are crucial in monitoring temporary settlements like slums, internally displaced persons (IDP) camps, and refugee camps. By conducting regular aerial surveys, drones help authorities track the growth of these settlements, assess living conditions, and plan for essential services such as healthcare, education, and sanitation. Drones also support disaster response efforts in these areas, providing valuable data for relief operations.
6. **Agriculture: Crop Yield Estimations and Optimization:** In the agricultural sector, drones have revolutionized crop monitoring. Equipped with various sensors, drones capture data on crop health, growth, and yield estimation. This information enables farmers to optimize input use, reduce resource wastage, and enhance productivity. Drones also play a critical role in threat mitigation by identifying pest infestations, diseases, and water stress early on, allowing for targeted treatments and pest control measures.
7. **Validation of Treatments and Forecasts:** Drones contribute to validating agricultural treatments by comparing the actual outcomes with planned interventions. This ensures that resources are used efficiently, leading to cost savings and sustainable farming practices. Furthermore, drones assist in weather forecasting and climate monitoring, providing essential data for crop and land management decisions.

SKILL DEVELOPMENT IN DRONE SECTOR INDIAN DRONE INDUSTRY REACHING THE SKIES

In India, the use of drones has been gradually rising in various applications, especially in non-commercial applications for aerial cinematography, land surveys, agriculture & mining activities, disaster management, construction activities and mapping national highways and railway tracks.

Drones have recorded increased adoption in the recent years owing to its widespread capabilities—from simple photography to surveillance, monitoring roads & railway lines and even delivering essentials/food items to customers. Moreover, even amid the ongoing COVID-19 pandemic, drones played a crucial role in carrying out a host of activities—from surveillance and sanitisation to temperature checks and public broadcasting—across the country. This not only helped in minimising the risk of virus spread, but also helped authorities in ensuring the safety of healthcare and police personnel.

NEW LIBERALISED DRONE POLICY – DRONE RULES 2021⁶

Realising the immense potential of drones, which can substitute humans to perform difficult and time-consuming tasks, on August 26, 2021, the Indian Government released 'Drone Rules, 2021', which comprised major upgrades of the existing drone norms. The new regulations enabled commercial usage of drones, granted drones a legal status and made the market more liberal & conducive for its application in various segments; thus, boosted drone businesses in India. The new policy is an improvised version of the Unmanned Aircraft System (UAS) Rules, March 2021, which required excessive licensing and permissions, wherein >10-12 licences were required for research & development, manufacturing, importing and operating drones; all this just failed to help the sector. Moreover, other mandates related to fines and technical requirements were also not favourable.

Through this new liberalised drone policy, the government aims to aid individuals and businesses leverage drone technology to its best. Some key enhancements of the new Drone Rules, 2021, policy are as follows:

1. Reduction in the licensing fees irrespective of the drone size. For example, the remote pilot license fee, which was Rs. 3,000 (US\$ 40.14) for a large-sized drone, has been reduced to Rs. 100 (US\$ 1.34) for all drone categories
2. No pilot licence requirement for non-commercial micro drones and nano drones
3. Relaxation on various approvals and certificates pertaining to conformance, manufacturing, airworthiness, maintenance, import clearance, acceptance of existing drones, operator permit, authorisation of R&D organisation and student remote pilot licence

⁶ <https://www.ibef.org/blogs/indian-drone-industry-reaching-the-skies>

4. Abolition of approvals such as unique authorisation number and unique prototype identification number
5. Type certificate and unique identification number required only for drones operating in India, but exemption granted for drones that are imported or manufactured only for export purposes
6. Drone corridors to be developed for cargo deliveries
7. Setting up a drone promotion council for exchange of healthy business communication
8. Revoked flight permission requirements up to 400 ft. in 'green zones' and up to 200 ft. in the area ranging 8-12 kms from the airport perimeter. Green zones refer to the airspace up to a vertical distance of 400 ft.
9. Digital sky platform will be launched as a single-window online system to ease business operations and streamline processes. An interactive airspace map will be launched on this platform, showing red, green and yellow zones, specifying the operation of drones
10. Easy process of transfer and deregistration of drones
11. Maximum penalty for violations has been reduced to Rs. 1 lakh (US\$ 1338.13)
12. Facilitate ease of doing business for foreign-owned companies operating in drone business but are registered in India

LIBERALISED POLICY TO BE A GAME CHANGER FOR GOVERNMENT AND OTHER SECTORS

The government is leveraging the power of drone technology in various development programmes. For instance, the SVAMITVA Scheme (Survey of Villages and Mapping with Improved Technology in Village Areas) was launched in April 2020 to help Indian rural residents establish clear ownership of their properties by mapping land parcels through drones. The scheme benefitted >6,62 lakh villages, granting financial stability to the rural population and enabling them to use their land to complete transactions/avail loans.

Another project in Telangana—'Hara Bahara', a programme that aims to plant 1 billion trees by 2030. For a similar project, drones were deployed by the Indian Forest Department to monitor plantation in Nagpur in 2018.

PLI SCHEME TO APPRAISE THE DRONE MARKET VALUE AND BOOST MANUFACTURING⁷

The Production-Linked Incentive (PLI) program, inaugurated in August 2021, plans for a financial commitment of Rs. 120 crore (approximately US\$ 16.06 million) to be allocated over a span of three years for drone manufacturers. Under this program, the incentive available for each drone manufacturing company will be limited to 25% of the entire yearly financial outlay. According to projections from the Ministry of Civil Aviation, the drone industry in India is expected to reach a total market value ranging from Rs. 120 to 150 billion (approximately US\$ 1.63 to 2.04 billion) by the year 2026, up from its present value of around Rs. 800 million (US\$ 10.88 million). Furthermore, the Indian government aims to draw investments amounting to Rs. 5,000 crore (around US\$ 669.07 million) within the forthcoming three years into the drone production sector, while also generating in excess of 10,000 employment opportunities. In order to facilitate investment in drone technologies, the government is making conditions more favorable for start-ups as well as Micro, Small, and Medium Enterprises (MSMEs) by setting the qualifying annual sales threshold at a modest level—Rs. 2 crore (approximately US\$ 267.63 thousand) for drones and Rs. 50 lakh (approximately US\$ 66.91 thousand) for components of drones.

ATTRACT INVESTMENTS AND FACILITATE SOLID PRIVATE SECTOR PARTICIPATION

The new drone laws have started facilitating traction in the market, as numerous companies are partnering to disseminate technology knowledge and attract funds. For example an integrated airspace management firm, received a go-ahead from the Ministry of Defence, the Directorate General of Civil Aviation and the Ministry of Civil Aviation to begin trials for beyond visual line of sight (BVLOS) drone food deliveries in India.

CONCLUSION

The COVID-19 pandemic has undeniably served as a driving force for the widespread utilization of drones by governmental bodies in India. The eased regulations have further facilitated the inclusion of drone technology, extending its use beyond just governmental departments to other entities as well. Businesses operating within India's drone sector are experiencing a sense of relief following the government's decision to liberalize the economy for the drone industry. It is anticipated that an increasing number of companies and start-ups will escalate their investments in this domain. As part of its emphasis on 'Aatmanirbhar Bharat' or self-reliance, India has introduced various supportive measures such as the elimination of the need for pilot licenses, streamlining bureaucratic procedures, the inauguration of designated drone airways, and offering incentives to domestic manufacturers. These steps have the potential to transform the landscape across multiple sectors within the country.

INDIA'S UPCOMING DRONE MANUFACTURING SECTOR

The Rise of India's Drone Industry⁸

An airborne drone is a device that does not require a pilot on board; therefore, it is also called an Unmanned Aerial Vehicle (UAV). Drones are machines remotely operated by a pilot; completely independent drones are in the final stages of development. Drones manufactured in India find various applications across fields, including commercial, recreational, and defence. The Indian UAV market has the ability to become one of the most competitive markets across the globe. The market presents tremendous manufacturing opportunities; this is likely to promote the local competitive landscape and boost employment in India. India's drones

⁷ <https://pib.gov.in/PressReleasePage.aspx?PRID=1913565>

⁸ <https://www.investindia.gov.in/team-india-blogs/vast-opportunities-indias-commercial-drones-market>

and drone component manufacturing industry have the potential to attract investments worth Rs. 5,000 crore (US\$ 632.6 million), which will enhance domestic manufacturing within the country and create more than 10,000 direct jobs over the next three years. The Indian UAV market is broadly segmented into the following three categories:

- Original Equipment Manufacturers
- End Users
- Aftermarket

The types of UAVs available in India are fixed wings, rotary wings, medium-altitude long-endurance, high-altitude long-endurance, combat aerial vehicles, etc. The drone manufacturers in India have been constantly working on innovation and product optimization.

State of the Indian Drone Manufacturing Industry⁹

UAVs, also termed drones, started off from being utilised for military reasons, are currently used by civilians. Advancements in robotics, artificial intelligence, miniaturisation, automation, thermal imaging, materials science, etc. have supported various commercial and civilian usage of drones in sectors like power, agriculture, infrastructure, telecom, and mining, undertaking different activities with substantial enhancements in cost and efficiency. India's drone ecosystem is advancing, driven by the rise in manufacturers in the market. The Indian drone manufacturing industry is flooded with start-up companies and a few listed players entering the space through the inorganic route.

The Indian UAV industry was valued at US\$ 830 million in FY 2020 and is estimated to expand at a CAGR of 14.5% between 2021-26, despite the impact of the pandemic on numerous sectors of the country. The drone technology is increasingly being adopted across industries in India and abroad. Drones reduce compliance costs, enable real-time monitoring, facilitate high-quality data collection, and helps monitor large areas in less time. These advantages are driving their adoption for civil and industrial applications.

Domestic Opportunity for the Drone Manufacturing Industry

Drone technology has played a crucial role during the COVID-19 pandemic in a wide range of areas, including healthcare product delivery, law enforcement and e-commerce delivery. Following the emergence of multiple use cases across the globe, the government has identified drone technology and its applications as a sunrise sector and started putting in considerable efforts to promote indigenisation of drone technology in India. The liberalised regulatory framework and manufacturing incentives announced by the government aim to develop the country's drone manufacturing ecosystem. This strategy will create a wide range of upstream and downstream business opportunities such as the design and manufacture of drone components; assembly of drone products; and development of software applications, enterprise solutions and counter-drone technologies. According to NITI Aayog, India's UAV market will expand to US\$ 50 billion over the next 15 years as drones are projected to substitute 80% of operations presently carried out by manned aircraft.

GOVERNMENT'S ROLE IN SUPPORTING THE DRONE MANUFACTURING INDUSTRY

The government believes that drones can benefit and drive multiple sectors of the economy, such as mining, agriculture, surveillance, and infrastructure. Due to their reach, adaptability, and usability, drones can significantly contribute to job creation and economic growth, particularly in India's rural and inaccessible regions. Besides the PLI scheme, the Government of India has executed a series of reforms to make India a globally renowned drone hub by 2030. Some of the key initiatives are mentioned below:

1. The government published the Drone Airspace Map 2021, opening approximately 90% of the Indian airspace as a green zone (up to 400 feet), UAS Traffic Management (UTM) policy structure 2021.
2. The government implemented the Drone Certification Scheme 2022 to help drone makers secure a type certificate and the Drone Import Policy 2022, banning the import of foreign-made drones.
3. The government introduced the Drone (Amendment) Rules 2022, which would prevent the need to obtain a drone pilot license for drone companies.
4. In May 2022, the Minister of Agriculture & Farmers Welfare inaugurated the 'Promoting Kisan Drones: Issues, Challenges and the Way Ahead' conference. Minister stated that the government is promoting the use of drones for the convenience and benefit of farmers. A subsidy of 50% or a maximum of Rs. 5 lakh (US\$ 6,311) would be provided to SC-ST farmers, women farmers, and farmers of north-eastern states, and up to 40% or a maximum of Rs. 4 lakh (US\$ 5,049) for other farmers.
5. In January 2022, the Ministry of Civil Aviation introduced a drone certification scheme to maintain minimum safety and quality standards to promote domestic manufacturing.
6. The Directorate General of Foreign Trade, under the Ministry of Commerce, has banned the import of drones to promote indigenous manufacturing of drones. Drones shall be strictly imported for three reasons- R&D, defence and security purpose.
7. The Ministry of Civil Aviation has scrapped the need for a pilot license to fly drones in India. To operate a drone in India, one needs only a Remote Pilot Certificate (RPC), issued by DGCA-approved drone schools; the certificate can be obtained through the single-window DigitalSky Platform.

REFORM MEASURES HAVE BEEN UNDERTAKEN TO PROMOTE INDIA'S UPCOMING DRONE INDUSTRY¹⁰

⁹ <https://www.trade.gov/market-intelligence/indias-unmanned-aerial-vehicle-market>

¹⁰ <https://pib.gov.in/PressReleaseIframePage.aspx?PRID=1881767>

The Central Government has undertaken a series of reform measures to promote India's Drone Industry. The Ministry of Civil Aviation, along with various Union Ministries and State/UT Ministries, have adopted some initiatives to promote drone applications across commercial, logistics, agriculture, mining, and other sectors.

After the implementation of the drone related policies and PLI scheme, the annual sales turnover of the Indian drone manufacturing industry is estimated to grow approximately from US\$ 8 million (Rs. 60 Crore) in 2020-21 to US\$ 109 million (Rs. 900 Crore) by 2024-25.

Vaccine delivery, examine oil pipelines and power transmission lines, conduct anti-locust operations, spray crops, survey mines, and map land under the SWAMITVA programme in order to issue digital property cards, are some of the applications where government uses drone service providers. Several States have also established drone training schools, which might transform the way drone applications are promoted and developed.

India has strengths in innovation, information technology and innovative engineering and therefore, has the potential of becoming a global drone hub.

GOVERNMENT HAS DISBURSED US\$ 3.6 MILLION (RS. 30 CRORE) GRANT TO 23 FIRMS UNDER THE PLI SCHEME FOR DRONE MANUFACTURING

1. The Civil Aviation Ministry has disbursed about US\$ 3.6 million (Rs. 30 crore) to 23 beneficiaries during FY23 under the production-linked incentive (PLI) scheme for manufacturing drones and drone parts.
2. On July 6, 2022, a preliminary list of 23 PLI beneficiaries was made public, which includes 11 component manufacturers and 12 drone manufacturers.
3. The government announced the PLI scheme for drones and drone components on September 30, 2021, which was approved with a vision towards Aatmanirbhar Bharat.
4. Drone promotion through companies and training at industrial training institutes (ITIs) was encouraged by the Union Budget 2022. The start-ups will be promoted to facilitate 'Drone Shakti' through various applications and for Drone-as-a-Service (DrAAS), according to Finance Minister Ms. Nirmala Sitharaman. Additionally, the finance minister stated during the presentation of the Union Budget 2023, that the Pradhan Mantri Skill Development Mission will train lakhs of young people in the next three years in topics like drones, artificial intelligence, coding, and other soft skills under the Pradhan Mantri Kausal Vikas Yojana 4.0.
5. The liberalised Drone Rules, 2021, had been followed by the PLI schemes. With this incentive scheme, the drones and drone components manufacturing industry may see an investment of over US\$ 605.6 million (Rs. 5,000 crore) over the next three years and the annual sales turnover of the drone manufacturing industry may grow from US\$ 7.3 million (Rs. 60 crore) in 2020-21 to over US\$ 109 million (Rs. 900 crore) in FY24.

ROAD AHEAD¹¹

The drone manufacturing industry is still at a nascent stage and is mostly run by drone start-ups in India and various drone manufacturing companies. The government will play a crucial role in growing the domestic drone industry faster than its global counterparts. Therefore, the rapid adoption of drones is critical to realising the potential of this technology which can be achieved by reducing manufacturing costs, making it globally competitive. The indigenisation efforts initiated by the government through a series of policy reforms and financial assistance are set in the right direction. This should help the industry servicing domestic and export markets as demand is expected to grow exponentially, driven by the realisation of multiple use cases across various sectors.

Drones are expected to create considerable employment opportunities and drive economic growth as they provide various advantages (versatility, high reach and ease of use, particularly in India's remote and isolated areas). The government and various enterprises are recognising the economic and social prospects offered by the drone manufacturing industry. Therefore, India's drone industry has great potential to increase its scale exponentially from the current level. However, the industry will require skilled experts to understand the intention of making the country an international drone hub by 2030 and opening up drone business opportunities in India.

OUR BUSINESS

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the Twelve-month period that ended on March 31 of that year. In this section, a reference to the “Company” or “we”, “us” or “our” means AITMC Ventures Limited together with our Subsidiaries, on a consolidated basis as on the date of this Draft Red Herring Prospectus.

The financial information used in this section, unless otherwise stated, is derived from our Financial Information, as restated and prepared in accordance with Indian GAAP, Companies Act and SEBI Regulations as included in this Draft Red Herring Prospectus, including the information contained in the sections titled “Risk Factors” and “Financial Information” beginning on pages 18 and 127 respectively.

BUSINESS OVERVIEW

Our Company was originally incorporated as a private limited company under the Companies Act, 2013 in the name and style of “AITMC Ventures Private Limited” bearing Corporate Identification Number U74999HR2016PLC066758 dated 21 December, 2016 issued by the Registrar of Companies, Delhi & Haryana. Subsequently, the objects of our Company were changed pursuant to a shareholders’ resolution passed at an Extra-Ordinary General Meeting held on June 26, 2023, vide Corporate Identification Number U01611HR2016PTC066758. Further, our Company was converted into public limited company pursuant to a shareholders’ resolution passed at an Extra-Ordinary General Meeting held on July 20, 2023, and the name of our Company was changed to “AITMC Ventures Limited” and a fresh Certificate of Incorporation dated August 18, 2023 was issued by Registrar of Companies, Delhi & Haryana. As on date of this Draft Red Herring Prospectus, the Corporate Identification Number of our Company is U01611HR2016PLC066758.

Our Company is a “Category A” Training Partner recognized by the National Skill Development Corporation (NSDC) and serves a wide range of government departments & agencies including other training providers. We primarily operate in the northern part of India with our registered address being 84-85, Chakkarpur, Gurugram Haryana, 122002, India.

Our Company currently operates across three broad business verticals:

- Skill Development
- Drones Skilling and Assembly
- Agri-retail

Our primary business revolves around community engagement within the agricultural sector and the delivery of training programs. Notably, we are developing a self-sustained ecosystem that encompasses the complete farming value chain, with a particular focus on drone technology.

We have established a presence within agricultural communities in Northern Indian states, primarily through vocational training and skill development programs tailored to farmers and their families. In 2022, we introduced our Tech Enablement division, providing advanced training in drone handling and operations.

SKILL DEVELOPMENT AND DRONES SKILLING AND ASSEMBLY

Since 2016, our company has been actively engaged with the community, providing training and skilling services in collaboration with the National Skill Development Council. Our focus has been on improving farmers' income levels by creating revenue opportunities and industry-relevant skills. Recognizing that agriculture is often a seasonal endeavour, especially for small-scale landowners with modest holdings averaging 2-3 acres, we have structured our business model to offer multiple avenues for augmenting their economic prospects.

With India's youthful population and demographic advantages, there is potential for progress when farmers and their families acquire versatile skills in emerging sectors. Our primary mission is to empower farmers and their dependents with training and expertise in various farming-related job roles, ultimately making a positive impact on their lives and the agricultural landscape.

In a typical farming family usually cultivates small land parcels. To diversify their income sources, it becomes essential to explore additional opportunities, taking into account the skills and interests of family members. At our company, we provide training programs tailored to farmers' families, aligning our offerings with their skills and aspirations.

For female members, who possess expertise in handicrafts, hospitality, and the beauty sector, our training programs focus on in these areas, equipping them with the necessary skills to contribute to the family's monthly income. Male members, receive training from us in progressive farming, agri inputs, electronics, renewable energy, media, and more.

We also collaborate with other training organizations, providing services and executing training programs on their behalf. This partnership approach allows us to extend our impact and reach to a wider audience, ensuring that even more individuals and communities can benefit from our expertise in training and skill development.

Since 2022, we have introduced our "Drone Skilling" business, offering training to individuals seeking qualification as DGCA certified drone pilots. We have already initiated operations in our Remote Pilot Training Organization (RPTO) and have received positive responses to our initiative from government ministries and departments. These government-sponsored schemes aim to enhance farm income and promote the utilization of drone technology in precision farming.

Key Training Programmes

Our company conducts value-driven training programs under Government Departments and various agencies, including NSDC, as part of different skilling and training initiatives launched by the Union Government and State Governments. Some prominent skilling programs in which our company actively participates include:

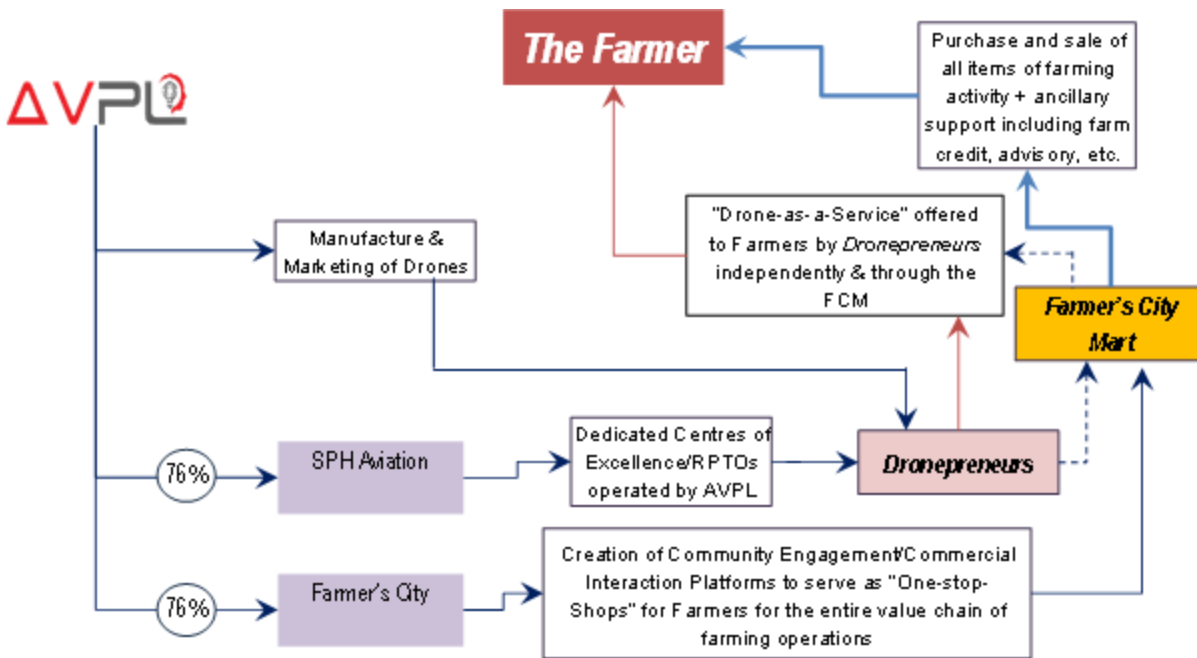

- a) **DDUGKY** – Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY) is the demand-driven placement-linked skill training initiative of the Ministry of Rural Development (MoRD), Government of India, uniquely aimed at rural poor youth between 15 and 35 years of age, with the purpose to create income diversity in poor families and help rural youth realise their career aspirations.
- b) **HSDM-STT SURYA** – “Surya” is a flagship scheme of Haryana Skill Development Mission for Short term skill Trainings, Training of Trainers, Up-Skilling and Recognition of Prior Learning for the Youth of Haryana with 100% financial support granted by Government of Haryana.
- c) **PMKVY** – Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry of Skill Development and Entrepreneurship (MSDE) implemented by National Skill Development Corporation (NSDC). The objective of this Skill Certification scheme is to enable Indian youth to take up industry relevant skill training that will help them in securing a better livelihood.
- d) **DDAY-NULM** – Deen Dayal Antyodaya Yojana or the National Urban Livelihood Mission is a scheme under the Ministry of Housing and Urban Affairs that focuses on reducing poverty and vulnerability of the urban poor households. The National Urban Livelihoods Mission scheme was launched by the Ministry of Housing and Urban Poverty Alleviation, Government of India. Under this scheme we have trained over 180 candidates in the state of Madhya Pradesh.
- e) **SEEKHO AUR KAMAO** – The Ministry of Minority Affairs implemented ‘Seekho Aur Kamao’ scheme (SAK) for the benefit of six (6) notified minority communities, that targeted to upgrade the skills of minority youth (14-45 years) in various modern/ traditional skills depending upon their qualification, prevailing economic trends, and market potential, that could earn them suitable employment or make them suitably skilled to take up self-employment. 33% of total allocation was also earmarked for female beneficiaries.
- f) **USTTAD** – The Ministry of Minority Affairs has proposed the Upgrading the Skills and Training in Traditional Arts/Crafts for Development (USTTAD) scheme to promote the heritage of traditional arts and crafts of minorities.
- g) **GHARIB NAWAZ** – The Maulana Azad Education Foundation (MAEF) has started the Gharib Nawaz Employment Scheme for Minorities from the year 2017-18 so that short term job oriented skill development courses may be provided to minorities’ youth in order to enable them for skill based employment.
- h) **NSKFDC-STT** – National Safai Karamcharis Finance & Development Corporation (NSKFDC) is a wholly owned Government of India Undertaking under the Ministry of Social Justice & Empowerment (M/o SJ&E). NSKFDC has been in operation since October, 1997, as an Apex Corporation for the all-round socio-economic uplift of Safai Karamcharis, scavengers and their dependants throughout India, through various loan and non-loan based schemes.
- i) **Drone Pilot Training STT** – Drone pilot training involves learning the regulations, flight theory, technology, operations, and data management necessary to safely and effectively operate drones. It covers both theoretical knowledge and practical flight skills. We have three operational RPTOs certified by DGCA that provide drone pilot training services to eligible candidates.

SWOT Analysis

<i>Strength</i>	<i>Weakness</i>
<ul style="list-style-type: none"> ● Established Stakeholder in the Agri Sector: AVL's presence in the agricultural sector, extensive domain knowledge, and years of experience in providing skilling and training programs to farming families is a significant strength. ● Robust Ground-Level Connect: AVL's community engagement and an audience of farming families provide a valuable edge over competitors, fostering trust and loyalty among stakeholders. ● Alignment with Government Policies: The company's strategies align with government priorities for employment and farm income augmentation, making AVL well-positioned to benefit from government incentives and support. ● Sound Financials: With a track record of consistent growth and profitability, AVL's strong financials are a testament to its stability and management. ● Accreditations/Affiliations: Having key accreditations and affiliations in the drone skilling and technology business enhances AVL's credibility and reputation. 	<ul style="list-style-type: none"> ● Limited UAV Fleet: AVL's current UAV fleet of training drones might be insufficient to meet the demands of its expansion plans. ● RPTO Rollout Uncertainty: The status of the planned RPTOs remains unclear, posing a risk to AVL's growth strategy and its ability to meet the demand for drone pilots. ● Resource Constraints: Expanding the RPTO network and establishing Farmer's City Marts (FCMs) demands significant resources, both in terms of funding and skilled manpower. ● Market Sensitivity: AVL operates in the agricultural sector, which is susceptible to market fluctuations and external factors such as weather conditions, economic downturns, and natural disasters. These factors can impact AVL's business.
<i>Opportunity</i>	<i>Threats</i>
<ul style="list-style-type: none"> ● Growing Drone Demand: The increasing adoption of drone technology in agriculture presents a substantial growth opportunity for AVL's Drone-as-a-Service (DaaS) offerings. ● Government Support: The Indian government's focus on technology enablement in agriculture and support for drone usage can provide AVL with favourable incentives and subsidies. ● Expanding Training Ecosystem: AVL's plan to train an increasing number of candidates per year as DGCA Certified Drone Pilots aligns with the rising demand for skilled drone operators. ● Community Engagement: Leveraging its community connections, AVL can establish numerous Farmer's City Marts (FCMs), offering an opportunity to enhance value across the farming value chain. 	<ul style="list-style-type: none"> ● Competitive Landscape: Increasing competition from other drone technology companies may erode AVL's market share and pricing power in the future. ● Regulatory Challenges: Evolving regulations and compliance requirements related to drone operations could pose operational challenges and increase costs. ● Resource Dependency: AVL's expansion plans and drone training initiatives require significant financial resources, which may strain the company's financial health. ● Market Volatility: The agricultural sector's sensitivity to market fluctuations, climate change, and unforeseen events could impact both farmer incomes and AVL's revenues.

BUSINESS PROCESS

Our company presently conducts its operations across three primary business verticals, as illustrated in the schematic diagram provided below.

Candidate Enrolment Process:

Our student acquisition mechanism comprises three basic approaches:

- (a) *Online Registration:* The respective government ministry/department provides a link on their website where interested candidates can register themselves. They can search for the nearest skill development centre and view the courses offered at that centre. Candidates can then gather details and contact the centre directly for the enrolment process.
- (b) *Skill Development Melas:* In some states, the respective department organizes skill development melas or fairs. These events serve as a platform for candidates to learn about various skill development programs. Within these melas, there is typically a stall dedicated to skill development programs. A representative from the Skill Department is present at the stall to provide information to interested candidates. They collect the candidates' details and forward them to the nearest skill development centre. The centre team then contacts the candidates and facilitates their enrolment.
- (c) *Mobilization Activities:* The marketing team responsible for the skill development business at each centre also conducts various mobilization activities to reach out to potential candidates. These activities may include promoting the courses through channels such as social media, distributing pamphlets, placing advertisements in newspapers, organizing social meetings with NGOs, and engaging with local community leaders like the President/Sarpanch/MC (Municipal Corporation) of relevant areas. Door-to-door awareness programs may also be conducted to inform and encourage individuals to enroll in the skill development courses.

Timelines of the Courses Offered by our Company

- a) **Recognition of Prior Learning (RPL):** The duration of the RPL course is approximately 12 hours. RPL focuses on assessing and certifying the skills and knowledge of individuals acquired through informal or non-formal learning.
- b) **Short Term Training (STT):** The duration of the Short Term Training courses varies depending on the specific job role. It can range from 90 hours to 600 hours. These courses are designed to provide focused training and skill development in a relatively short period.
- c) **Long Term Training (DDU GKY or any Special Project):** The duration of the Long Term Training courses, such as those offered under the DDU GKY (Deen Dayal Upadhyaya Grameen Kaushalya Yojana) or other special projects, varies significantly. The duration can range from 240 hours to 2200 hours, depending on the job role and the depth of training required.
- d) **Drone Operator/Drone Pilot Training:** Drone skilling programmes are conducted as per DGCA guidelines and can last for 390 hours for a full-fledged training course or may be structured as a short term course of 10 days.

Revenue Realization Process

For candidates enrolled in the skill development courses the full fee is paid by the government or the respective department, as per the course category. The government or concerned department covers the cost of training for the candidates. Individual candidates do not pay any fees out of their own pockets.

Training of Trainers: The fee for the Training of Trainers is given by the organization or the individual trainer availing the training. The specific payment arrangements for the trainers may vary depending on the organization or the agreement between the trainer and the training provider.

Fee payment arrangements may differ slightly based on the specific skill development scheme, state, or organization involved. The information provided above is based on the general understanding that the government or department covers the full fee for candidates, and the fee for the Training of Trainers is handled separately.

The payment cycle varies for the different skill development schemes, the details are given below:

- (a) RPL: The payment for RPL is made as a one-time full fee after certification. After the candidate successfully completes the RPL process and receives the certification, the full fee amount is disbursed.
- (b) STT:
 - For Minority schemes the payment is made in three tranches. The first tranche, which is 30% of the total fee, is given in advance at the time of signing the Memorandum of Understanding (MoU) as per guidelines. The second tranche is disbursed after certification, and the third tranche is provided after placement, either in self-employment or wage employment, as per the guidelines.
 - For NSDC (National Skill Development Corporation) or SSDM (State Skill Development Mission) sponsored programmes the payment process differs slightly. The first invoice can be raised after 21 days of training, covering 30% of the total fee. The second and third tranches follow the same pattern as mentioned in the Minority scheme.
- (c) Long Term Schemes (including DDU-GKY) – The funds for DDU GKY courses are released by the department in four tranches. Each tranche constitutes 25% of the total amount, as prescribed in the guidelines. The funds are disbursed in a phased manner, with the first, second, third, and fourth tranches being released accordingly.

Payment cycles and tranches mentioned above are based on the information provided and may vary based on the specific guidelines and processes established by the government or respective departments. The general pattern indicates that government payments are typically made between October to March, with the remaining months focused on internal documentation and invoice verification.

DRONE ASSEMBLY AND TRAINING

SPH Aviation Private Limited ("SPH"), a subsidiary of AVL with a 76% ownership, currently conducts the Drone Skilling business. SPH is recognized by the Directorate General of Civil Aviation (DGCA) as a Remote Pilot Training Organisation (RPTO) and offers certified training programs at three locations. Presently, we operate one RPTO in Gurugram with applications for recognition applied for Sirsa, and Sonapat, all located in Haryana. These facilities are supported by an in-house fleet of training drones, all of which possess the requisite Type Certification from DGCA.

Upon successful completion of the training program, the RPTO issues a Remote Pilot Certificate (RPC) through DGCA's Digital Sky Platform, specifying the Class & Category of the drone. According to the Drone Rules of 2021, the RPC remains valid for a maximum period of 10 years.

As per Drone Rules 2021 released by Ministry of Civil Aviation, an individual must have a valid Remote Pilot Certificate from a DGCA-authorized Remote Pilot Training Organisation (RPTO) to fly drones legally in the country. Drone pilots qualifying from our RPTOs shall be eligible to purchase drones as per extant DGCA rules and regulations. We wish to encourage our students to offer "Drone-as-a-Service" (DaaS) with their own drones that they will have the option to purchase from our Company's Drone Assembly vertical.

AVL offers training to potential "Dronepreneurs" through structured training programmes supported by the government. By leveraging government subsidies and financial partnerships, AVL aims to empower individuals with Agri-Drones, enabling them to

explore entrepreneurial opportunities in the agricultural sector. Drones manufactured by us will be available for sale to Dronepreneurs and qualified Drone Pilots in compliance with Government of India regulations.

To support our vision, we have established an "Aviation Hub" in Hisar, Haryana for R&D and application testing.

PLACE OF BUSINESS OF THE COMPANY

We operate our business from the following locations:

Description	State	Owned by	Location	Validity

MARKETING

Our marketing strategy is rooted in a deep understanding of our unique strengths and the industry landscape. At the core of our approach is the fact that our Promoters hail from an agriculture and rural background, providing us with invaluable local connections that span generations. These connections are not merely contacts but enduring relationships forged over time through shared experiences and a genuine commitment to the community.

In addition to our rich agricultural heritage, our business of skilling centers is founded on expertise and merit, distinguishing us in a highly competitive sector. We have diligently built a reputation, earning the trust of government bodies and departments that allows us to consistently secure work under various government schemes.

Furthermore, our reach extends beyond our own operations, as we also undertake work awarded to other companies within similar business lines. This collaborative approach allows us to harness the collective strengths of our industry peers, fostering growth and innovation within the sector.

Deep, Our Promoter, on stage at a large-scale agricultural event.

BUSINESS STRATEGY

1. Expanding Rural Training Partnerships

Our primary objective is to foster enduring and sustainable partnerships with farmers and rural communities, aimed at fostering consistent growth. We plan to extend our current network by continually enhancing our expertise and broadening our capabilities in providing skill training and drone pilot training. Empowering our rural populace and prioritizing their needs are foundational principles within our organization. This is achieved through strengthening our training expertise and deepening our connections within farming communities. Our focus is to guide our trainees towards enhanced engagement and satisfaction throughout their journey with us.

2. Enhancing Operational Efficiencies

Our company is dedicated to optimizing operations, reducing costs, and ensuring competitiveness in the rural training landscape. We believe this can be achieved by strengthening our domestic presence and capitalizing on economies of scale in providing skill training and drone pilot training. By expanding our training offerings within our existing regions, we aim to reach new rural communities while optimizing our infrastructure. These measures will boost our market share and overall profitability.

3. Resource Optimization

Our commitment to optimizing resource utilization remains unwavering. We have made significant investments and plan to further enhance our activities by developing customized systems and processes to improve management control in providing skill training and drone pilot training. This will enhance efficiency and maximize the utility of our resources. We will continue to foster an inclusive culture to ensure our employees remain engaged and dedicated to providing exceptional training services.

4. Elevating the Training Experience

We recognize that maintaining a high standard of service is crucial for retaining our trainees and driving repeat engagements in skill training and drone pilot training. We will closely collaborate with our rural partners to strengthen these relationships. Our employees will be consistently trained to design and deliver solutions tailored to the unique needs of our trainees. Our strong customer goodwill has already resulted in recurring training requests from many of our valued partners.

5. Building a Professional Training Organization

Transparency, commitment, and coordination are our guiding principles when working with our trainers, trainees, government authorities, banks, and other stakeholders in providing skill training and drone pilot training. We possess the necessary experience and a dedicated workforce to manage our day-to-day training operations. Additionally, we engage external experts on specific technical and financial aspects of our training business. Our goal is to reinforce and fortify our organization's standing in the rural training sector for years to come.

The Board of Directors
AITMC Ventures Limited,
84-85, Chakkarpur,
Gurugram,
Haryana -122002

Respected Sirs,

1. We have examined, the attached Restated Consolidated Financial Statements of AITMC Ventures Limited (the “**Company**” or the “**Issuer**”) along with its subsidiaries (hereinafter collectively referred to as ‘the group’) comprising the Restated Consolidated Statement of Assets and Liabilities as at June 30, 2023 and March 31, 2023 the Restated Consolidated Statement of Profit and Loss, the and the Restated Consolidated Statement of Cash Flows for the period ended June 30, 2023 and year ended March 31, 2023 and the Restated Consolidated statement of significant accounting policies, and other explanatory information (collectively, the “Restated Consolidated Financial Statements”), as approved by the Board of Directors of the Company at their meeting held on 11 September 2023 for the purpose of inclusion in the Draft Prospectus prepared by the Company in connection with its proposed Initial Public Offer of equity shares (“IPO”) prepared in terms of the requirements of:

- a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (“**the Act**”);
- b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time in pursuance of provisions of Securities and Exchange Board of India Act, 1992 (“ICDR Regulations”); and
- c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by The Institute of Chartered Accountants Of India (“ICAI”), as amended from timeto time (the “Guidance Note”).

2. The Company’s Board of Directors is responsible for the preparation of the Restated Consolidated Financial Statement & other financial information for the purpose of inclusion in the Draft Red Herring Prospectus /Red Herring Prospectus/Prospectus to be filed with Securities and Exchange Board of India, relevant stock exchanges and Registrar of Companies, Delhi & Haryana in connection with the proposed IPO. The Board of Directors responsibility includes designing, implementing, and maintaining adequate internal control relevant to the preparation and presentation of the Restated Consolidated Financial Information. The Restated Consolidated Financial Statements have been prepared by the management of the Company as per the basis of preparation para stated in Annexure 1 & 2 to the Restated Consolidated Financial Statements. The Restated Consolidated Financial Statements have been extracted by the management from the Audited Financial Statements of the Group for the period ended June 30, 2023 and year ended March 31, 2023 as prepared in accordance with accounting principles generally accepted in India at the relevant time and approved by the Company in its board meetings held on 11 September 2023 and August 26, 2023 respectively. The Board of Directors of the Holding Company are responsible for designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Consolidated Financial Statements. The Board of Directors of the Holding Company are also responsible for identifying and ensuring that the Group complies with the Act, the ICDR Regulations and the Guidance Note.

3. We have examined such Restated Consolidated Financial Statements taking into consideration:

- a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 27th August, 2023 in connection with the proposed IPO of equity shares of the Company;
- b) The Guidance Note - The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
- c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Statements; and

Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the proposed IPO of equity shares of the Company.

For the purpose of our examination, we have relied on:

- (i) As reported in our Independent Auditors' Report on the consolidated financial statements referred to in (a) above, we did not audit the financial statements of subsidiaries as at and for year ended March 31, 2023. The financial statements for these subsidiaries have been audited by other auditors, whose reports have been furnished to us, and our opinion on the consolidated financial statements in so far as it relates to the affairs of such subsidiaries is based solely on these reports. The Group's share of total assets, total revenue, total profit/(loss), net cash flow pertaining to these entities for the years ended March 31, 2023 in the consolidation financial statement is as under:

<i>(Rs. in Lacs)</i>					
Year ended	Number of entities	Total assets	Total revenue	Total profit/(loss)	Total cash inflow/(outflow)
March 31, 2023		102.58	91.57	23.61	19.08

4. Based on our examination and according to the information and explanations given to us, we report that the Restated Consolidated Financial Statements:

a) Have been made after incorporating adjustments for:

- i. The changes, if any, in accounting policies retrospectively in respective financial years to reflect the same accounting treatment as per the changed accounting policy for all the reporting period /years.
- ii. Prior period and other material amount in the respective financial years to which they relate.
- iii. Extra-ordinary items, if any, that needs to be disclosed separately in the accounts requiring adjustments.
- iv. Qualifications in the Audit Reports issued by Statutory Auditor for the period ended June 30 2023 and year ended on March 31, 2023.

5. The Restated Consolidated Financial Statements do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited financial statements mentioned in paragraph 4 above.

6. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us and other auditors, nor should this report be construed as a new opinion on any of the financial statements referred to herein.

7. We, NKSC & Co., Chartered Accountants have been subjected to the peer review process of The Institute of Chartered Accountants of India ("ICAI") and hold a valid Certificate No. 014317 dated 16 June 2022 issued by the "Peer Review Board" of the ICAI.

8. We have no responsibility to update our report for events and circumstances occurring after the date of the report.

9. Our report is intended solely for use of the Board of Directors for inclusion in the Prospectus to be filed with SEBI, NSE Emerge SME Platform of Stock Exchanges, and Registrar of Companies, Delhi & Haryana in connection with the proposed IPO. Our report should not be used, referred to or distributed or any other purpose except with our prior consent in writing. 1. Background

The Group consist of AITMC Ventures Limited (“the holding company”) and its subsidiaries (hereinafter referred to as “the Group”).

The Group is domiciled in India, with the registered office of parent company situated at 84-85 Chakkarpur Gurgaon Haryana 122002.

The Holding Company was incorporated in India on December 21, 2016 to provide Skill Trainings. The Registrar of Company is Registrar of Companies, Delhi.

2. Summary of significant accounting policies

(i) Basis for preparation of Financial Statements:

The Restated Consolidated Statement of assets and liabilities of the Group as at June 30, 2023 and March 31, 2023, the related Restated Statement of profits and losses, and cash flow for the period ended June 30, 2023 and year ended March 31, 2023 and accompanying annexures to Restated Statement (hereinafter collectively called “Restated Consolidated Financial Statement”) have been prepared specifically for inclusion in the draft red herring prospectus to be filed by the Group with the Stock Exchanges in connection with proposed initial public offer of equity shares of Rs. 10 each of the Holding Company (the “Offering”). The Group has prepared the Restated Financial Statement on the basis that it will continue to operate as a going concern. The Restated Consolidated Financial Statements have been prepared to comply in all material respects with the requirements of:

- a) Section 26 of Part I of Chapter III of the Companies Act 2013 (the "Act")
- b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time in pursuance of provisions of Securities and Exchange Board of India Act, 1992 ("ICDR Regulations") and
- c) Guidance Note on Reports in Company Prospectuses (Revised 2019) (“Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”)

The Restated Consolidated Financial Statements has been compiled from:

- a) audited financial statements of the Group as at and for the period ended June 30, 2023 and year ended March 31, 2023, which have been approved by the Board of Directors at their meeting held on 11 September 2023 and 26 August 2023 respectively prepared to comply in all material respects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 (“the Act”), read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Group and are consistent with those used in the previous year. These financial statements have been approved by the Board of Directors at their meetings held on 11 September 2023. The Restated Consolidated Financial Statements are presented in INR, and all values are rounded to the nearest lacs, except when otherwise indicated.

All assets and liabilities have been classified as current or non-current as per the Group’s normal operating cycle and other criteria set out in the Schedule III to the Act.

(ii) Principles of Consolidation

The Consolidated Financial Statements include the financial statements of the Company and its subsidiaries.

The Consolidated Financial Statements have been prepared in accordance with Accounting Standard (AS-21) on “Consolidated Financial Statements” specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The Consolidated Financial Statements are prepared on the following basis:

- i) Consolidated Financial Statements include Consolidated Balance Sheet, Consolidated Statement of Profit and Loss, Consolidated Cash Flow Statement and notes to Consolidated Financial Statements, other statements and explanatory material that form an integral part thereof. The Consolidated Financial Statements are presented, to the extent possible, in the same format as adapted by the Company for its standalone financial statements.
- ii) The Consolidated Financial Statements have been combined on a line by line basis by adding the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/transactions and resulting unrealised profits in full. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the Balance Sheet of the Company and its share in the post-acquisition increase/ (decrease) in the relevant reserves of the entity to be

consolidated. This procedure has been performed using the audited Standalone Financial Statements of the holding company and its subsidiaries.

- iii) As per Accounting Standard 21 on Consolidated Financial Statements, notes involving items which are material need to be disclosed. Materiality for this purpose is assessed in relation to the information contained in the Consolidated Financial Statements.
- iv) The Consolidated Financial Statements have been drawn to keep all the information as contained in the Audited Financial Statements of the Company for the year ended June 30, 2023 & March 31, 2023 on standalone basis.

(iii) Basis for Consolidation

The Consolidated Financial Statements include the financial statements of AITMC Ventures Limited and its subsidiaries (collectively known as “the Group”).

Subsidiaries	Effective Shareholding June 30, 2023
SPH Aviation Private Limited	76%
Farmers City International Private Limited	76%

Entities acquired/ sold during the period have been consolidated from/upto the respective date of their acquisition/ disposal and there are no subsidiaries, joint ventures and associates which have not been consolidated in the financial statements.

(iv) Use of estimates

The preparation of consolidated financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the reported date and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the management’s best knowledge of current events and actions, actual results could differ from these estimates. Any revision in accounting estimate is recognised prospectively in current and future periods.

(v) Revenue recognition

Revenue is recognised over the period of the training period, after taking into account the uncertainty involved in conditions to be fulfilled under the terms of the contract.

Sale of Services

Revenue is generated by providing Skill Trainings.

Other Income

Interest

Revenue from interest on time deposits is recognised on the time proportion method taking into consideration the amount outstanding and the applicable interest rates.

(vi) Property, Plant & Equipment

Items of property, plant & equipment are stated at cost of acquisition net of recoverable taxes (wherever applicable), less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Subsequent expenditure related to an item of property, plant & equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on

existing property, plant & equipment, including day to day repair and maintenance and cost of replacing parts are charged to the Statement of Profit and Loss for the year during which such expenses are incurred.

Property, plant & equipment retired from active use and held for disposal are stated at lower of book value and net realisable value as estimated by the Group and are shown separately in the financial statements under other current assets. Loss determined, if any, is recognised immediately in the Statement of Profit and Loss, whereas profit and sale of such assets is recognised only upon completion of sale thereof.

(vii) Intangible assets

An intangible asset is recognized when it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Losses arising from the retirement of, and gain or losses arising from disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of asset and recognised as income or expense in the Statement of Profit and Loss.

(viii) Depreciation and amortisation

Depreciation has been calculated on Written Down Method at the useful lives, which are equal to useful lives specified as per schedule II to the Act. Amortisation has been calculated on Written Down method at the useful lives, based on management estimates and in accordance with Accounting Standard-26 “Intangible Asset”.

Depreciation and amortisation on addition to property, plant & equipment and intangible assets respectively is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation and amortisation on sale/discard from property, plant & equipment and intangible assets respectively is provided for up to the date of sale, deduction or discard of the assets as the case may be.

Depreciation method, useful lives and residual values are reviewed at each financial year end, and changes, if any, are accounted for prospectively.

The useful lives of the assets are as under:

Particulars	seful life (years)
Property, plant & equipment:	
Furniture and fixtures	·10
Plant & Machinery	5
Office equipment	
Vehicle	·10
Computer equipment	
Intangible assets:	
Software	

Goodwill reflects the excess of cost of acquisition over the book value of net assets acquired on the date of the acquisition. Goodwill is tested for impairment on an annual basis.

(ix) Impairment of assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable

amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

(x) Borrowing costs

Borrowing costs relating to acquisition or construction or production of assets which take substantial period of time to get ready for its intended use are included as cost of such assets to the extent they relate to the period till such assets are ready to be put to use. Other borrowing costs are recognised as an expense in the year in which they are incurred.

(xi) Leases:

Where the Group is lessee

Finance leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

A leased asset is depreciated on a straight-line basis over the useful life of the asset as determined by the management or the useful life envisaged in Schedule II to the Act, whichever is lower. However, if there is no reasonable certainty that the Group will obtain the ownership by the end of the lease term, the capitalised asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term and the useful life envisaged in Schedule II to the Act.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Group is the lessor

Leases in which the Group transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under finance lease are recognised as a receivable at an amount equal to the net investment in the lease. After initial recognition, the Group apportions lease rentals between the principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment outstanding in respect of the finance lease. The interest income is recognised in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

(xii) Investment in property

An investment in land or buildings, which is not intended to be occupied substantially for use by, or in the operations of, the Group, is classified as investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises purchase price and directly attributable cost of bringing the investment property to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Depreciation on building component of investment property is calculated on a straight-line basis using the rate arrived at based on the useful life estimated by the management, or that prescribed under the Schedule II to the Act.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Consolidated Statement of Profit and Loss.

(xiii) Employee Benefits

Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus etc are recognised in the Statement of Profit and Loss in the year in which the employee renders the related service.

Long term employee benefits:

i. Defined Benefit Plan: Gratuity

The Group provides for retirement benefits in the form of Gratuity. Benefits payable to eligible employees of the Group with respect to gratuity, a defined benefit plan is accounted for on the basis of an actuarial valuation as at the balance sheet date. In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the Statement of Profit and Loss. The expected return on plan assets is based on the assumed rate of return of such assets.

(xiv) Taxation

Tax expense for the year comprising current tax, deferred tax charge or benefit and MAT credit entitlement is included in determining the net profit for the year.

Current tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961.

Deferred tax

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the year. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty backed by convincing evidence of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and are written-down or written-up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realised.

The break-up of the major components of the deferred tax assets and liabilities as at Balance Sheet date has been arrived at after setting off deferred tax assets and liabilities where the entity has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum alternate tax

Minimum alternate tax (MAT) under the Income Tax Act, 1961, payable for the year is charged to the Statement of Profit and Loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the period in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the “Income-tax Act, 1961”, the said asset is created by way of credit to the Statement of Profit and Loss and shown as “MAT Credit Entitlement.” The Group reviews the “MAT credit entitlement” asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

(xv) Provisions, contingent liabilities and contingent assets

Provision

The Group creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

Contingent assets

Contingent assets are neither recorded nor disclosed in the financial statements.

(xvi) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

(xvii) Exceptional items

Items of income or expense from ordinary activities which are of such size, nature or incidence that, their disclosure is relevant to explain the performance of the enterprise for the period, are disclosed separately in the Consolidated Statement of Profit and Loss.

(xviii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events such as bonus issue, share split or consolidation of shares.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted into equity shares as at the beginning of the period, unless they have been issued at a later date.

(xix) Segment Reporting

The Group operates in a single segment of vocational training in the one geographical area of India. Therefore, the disclosure requirements as per Accounting Standard 17 “Segment Reporting” are not applicable to the Group.

(xx) Material Events

Material events occurring after the balance sheet date are taken into cognizance.

33 Restated Statement of Employee benefits obligations

The Group has in accordance with the AS-15 (*Employee Benefits*) calculated various benefits provided to employees, which are described as under:

A. Defined benefit plan

The present value obligation in respect of gratuity is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligations. The summarised positions of various defined benefits are as follows:

Actuarial assumptions

Particulars	As at	
	June 30, 2023	March 31, 2023
Discount rate (per annum)	7.30%	7.45%
Expected rate of increase in compensation levels	10.00%	10.00%
Expected rate of return on plan assets	N.A.	N.A.
Expected average remaining working lives of employees (years)	32.08	31.51
Retirement age (years)	60	60
Mortality table	IALM (2012-14)	IALM (2012-14)
Age (years)	60	60
Withdrawal Rate	10%	10%

Note:

- a). The discount rate has been assumed ranges from 6.35% to 7.30% which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- b). The Group's gratuity liability is entirely unfunded.

1. Background

AITMC Ventures Limited (“the Company”) was originally incorporated as a private limited company under the Companies Act, 2013 in the name and style of “AITMC Ventures Private Limited” (“the Company”) bearing Corporate Identification Number U74999HR2016PLC066758 dated 21 December, 2016 issued by the Registrar of Companies, Delhi. Subsequently, The Company was converted into public limited company pursuant to a shareholders’ resolution passed at an Extra-Ordinary General Meeting, and the name of our Company was changed to “AITMC Ventures Limited” and a fresh Certificate of Incorporation dated 18 August, 2023 was issued by Registrar of Companies, Delhi.

2. Summary of significant accounting policies

(xxi) Basis for preparation of Financial Statements:

The Restated Statement of assets and liabilities of the Company as at June 30, 2023, March 31, 2023, March 31, 2022 and March 31, 2021, the related Restated Statement of profits and losses, and cash flow for the period ended June 30, 2023 and year ended March 31, 2023, March 31, 2022 and March 31, 2021 and accompanying annexures to Restated Statement (hereinafter collectively called “Restated Financial Statement”) have been prepared specifically for inclusion in the draft red herring prospectus to be filed by the Company with the Stock Exchanges in connection with proposed initial public offer of equity shares of Rs. 10 each of the Company (the “Offering”). The Company has prepared the Restated Statement on the basis that it will continue to operate as a going concern. The Restated Financial Statements have been prepared to comply in all material respects with the requirements of:

- d) Section 26 of Part I of Chapter III of the Companies Act 2013 (the "Act")
- e) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time in pursuance of provisions of Securities and Exchange Board of India Act, 1992 ("ICDR Regulations") and
- f) Guidance Note on Reports in Company Prospectuses (Revised 2019) (“Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”)

The Restated Financial Statements has been compiled from:

- b) audited financial statements of the Company as at and for the period ended June 30, 2023 and years ended March 31, 2023, March 31, 2022 and March 31, 2021 which have been approved by the Board of Directors at their meeting held on 11 September 2023, 26 August 2023, 6 September 2022 and 28 November 2021 respectively prepared to comply in all material respects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 (“the Act”), read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year. These financial statements have been approved by the Board of Directors at their meetings held on 11 September 2023. The Restated Financial Statements are presented in INR, and all values are rounded to the nearest lacs, except when otherwise indicated.

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Act.

(xxii) Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the reported date and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the management’s best knowledge of current events and actions, actual results could differ from these estimates. Any revision in accounting estimate is recognised prospectively in current and future periods.

(xxiii) Revenue recognition

Revenue is recognised over the period of the training period, after taking into account the uncertainty involved in conditions to be fulfilled under the terms of the contract.

Other Income

Interest

Revenue from interest on time deposits is recognised on the time proportion method taking into consideration the amount outstanding and the applicable interest rates.

(xxiv) Property, Plant & Equipment

Items of property, plant & equipment are stated at cost of acquisition net of recoverable taxes (wherever applicable), less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Subsequent expenditure related to an item of property, plant & equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing property, plant & equipment, including day to day repair and maintenance and cost of replacing parts are charged to the Statement of Profit and Loss for the year during which such expenses are incurred.

Property, plant & equipment retired from active use and held for disposal are stated at lower of book value and net realisable value as estimated by the Company and are shown separately in the financial statements under other current assets. Loss determined, if any, is recognised immediately in the Statement of Profit and Loss, whereas profit and sale of such assets is recognised only upon completion of sale thereof.

(v) Intangible assets

An intangible asset is recognized when it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Losses arising from the retirement of, and gain or losses arising from disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of asset and recognised as income or expense in the Statement of Profit and Loss.

(vi) Depreciation and amortisation

Depreciation has been calculated on Written Down Method at the useful lives, which are equal to useful lives specified as per schedule II to the Act. Amortisation has been calculated on Written Down method at the useful lives, based on management estimates and in accordance with Accounting Standard-26 “Intangible Asset”.

Depreciation and amortisation on addition to property, plant & equipment and intangible assets respectively is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation and amortisation on sale/discard from property, plant & equipment and intangible assets respectively is provided for up to the date of sale, deduction or discard of the assets as the case may be.

Depreciation method, useful lives and residual values are reviewed at each financial year end, and changes, if any, are accounted for prospectively.

The useful lives of the assets are as under:

Particulars	Useful life (years)
Property, plant & equipment:	
Furniture and fixtures	8-10
Plant & Machinery	15
Office equipment	5
Vehicle	8-10
Computer equipment	3

Intangible assets:

Software

(vii) Impairment of assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

(viii) Leases:

Where the Company is lessee

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

A leased asset is depreciated on a straight-line basis over the useful life of the asset as determined by the management or the useful life envisaged in Schedule II to the Act, whichever is lower. However, if there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, the capitalised asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term and the useful life envisaged in Schedule II to the Act.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under finance lease are recognised as a receivable at an amount equal to the net investment in the lease. After initial recognition, the Company apportions lease rentals between the principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment outstanding in respect of the finance lease. The interest income is recognised in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

(ix) Employee Benefits

Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus etc are recognised in the Statement of Profit and Loss in the year in which the employee renders the related service.

Long term employee benefits:

i. Defined contribution plan: Provident fund

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate as per the provisions of The Employees Provident Fund and Miscellaneous Provisions Act, 1952. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions.

ii. Defined Benefit Plan: Gratuity

The Company provides for retirement benefits in the form of Gratuity. Benefits payable to eligible employees of the company with respect to gratuity, a defined benefit plan is accounted for on the basis of an actuarial valuation as at the balance sheet date. In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the Statement of Profit and Loss. The expected return on plan assets is based on the assumed rate of return of such assets.

(x) Taxation

Tax expense for the year comprising current tax, deferred tax charge or benefit and MAT credit entitlement is included in determining the net profit for the year.

Current tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961.

Deferred tax

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the year. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty backed by convincing evidence of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and are written-down or written-up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realised.

The break-up of the major components of the deferred tax assets and liabilities as at Balance Sheet date has been arrived at after setting off deferred tax assets and liabilities where the entity has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum alternate tax

Minimum alternate tax (MAT) under the Income Tax Act, 1961, payable for the year is charged to the Statement of Profit and Loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing

evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the period in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the “Income-tax Act, 1961”, the said asset is created by way of credit to the Statement of Profit and Loss and shown as “MAT Credit Entitlement.” The Company reviews the “MAT credit entitlement” asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(xi) Provisions, contingent liabilities and contingent assets

Provision

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

(xii) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

(xiii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events such as bonus issue, share split or consolidation of shares.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted into equity shares as at the beginning of the period, unless they have been issued at a later date.

(xiv) Segment Reporting

The Company operates in a single segment of vocational training in the one geographical area of India. Therefore, the disclosure requirements as per Accounting Standard 17 “Segment Reporting” are not applicable to the Company.

(xv) Material Events

Material events occurring after the balance sheet date are taken into cognizance.

Annexure 31 - Restated Statement of Employee benefits obligations

The Company has in accordance with the AS-15 (*Employee Benefits*) calculated various benefits provided to employees, which are described as under:

A. Defined benefit plan

The present value obligation in respect of gratuity is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligations. The summarised positions of various defined benefits are as follows:

Actuarial assumptions

Particulars	As at			
	June 2023	30, March 2023	31, March 2022	31, March 2021
Discount rate (per annum)	7.30%	7.45%	6.95%	6.35%

Age (years)	60	60	60	60
Withdrawal Rate	10%	10%	10%	10%

Note:

- a). The discount rate has been assumed ranges from 6.35% to 7.30% which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- b). The Company's gratuity liability is entirely unfunded.

SECTION VII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except as disclosed in this section, there is no outstanding (i) criminal proceeding; (ii) action taken by regulatory or statutory authorities; (iii) claim related to direct and indirect taxes; and (iv) other pending litigation as determined to be material pursuant to the Materiality Policy in each case involving our Company, our Directors, and our Promoters ("Relevant Parties"). Further, there is no pending litigation involving Our Group Entities, the adverse outcome of which may have a material impact on our Company.

Pursuant to the SEBI ICDR Regulations and the Materiality Policy adopted by our Board of Directors on September 1, 2023 for the purposes of disclosure, any pending litigation involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and statutory authorities, including outstanding action, and tax matters, would be considered 'material' where:

- i. the claim/dispute amount, to the extent quantifiable, exceeds 10% of the total consolidated trade payables of the Company as per the last restated financial statements of the Company for a complete Financial Year would be considered 'material' for disclosure in this Draft Red Herring Prospectus; and
- ii. the monetary impact is not quantifiable or the amount involved may not exceed the materiality threshold set out under (i) above, but an outcome in any such litigation would materially and adversely affect the Company's business, operations, cash flows, financial position or reputation of the Company.

Except as stated in this section, there are no outstanding material dues to creditors of our Company. In terms of the Materiality Policy, outstanding dues to any creditor of our Company having monetary value which exceeds 10 % of the total consolidated trade payables of the Company as per the latest restated financial statements of the Company shall be considered as 'material'. Further, for outstanding dues to any party which is a micro, small or a medium enterprise ("MSME"), the disclosure will be based on information available with our Company regarding status of the creditor as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006, as amended, as has been relied upon by the Statutory Auditor.

It is clarified that pre-litigation notices (other than those issued by governmental, statutory or regulatory authorities) received by our Company, our Directors or Our Group Entities shall not be considered as litigation until such time that any of our Company, our Directors or Our Group Entities, as the case may be, is made a party to proceedings initiated before any court, tribunal or governmental authority or any judicial authority, or is notified by any governmental, statutory or regulatory authority of any such proceeding that may be commenced. All terms defined in a particular litigation disclosure pertain to that litigation only.

VIII. DETAILS OF THE PAST PENALTIES IMPOSED ON THE COMPANY / DIRECTORS: NIL

OTHER LITIGATIONS INVOLVING ANY OTHER ENTITIES WHICH MAY HAVE A MATERIAL ADVERSE EFFECT ON THE COMPANY

There is no outstanding litigation, suits, criminal or civil prosecutions, statutory or legal proceedings including those for economic offenses, tax liabilities, prosecution under any enactment in respect of the Companies Act, Show Cause Notices or Legal Notices pending against any company whose outcome could affect the operation or finances of the Company or have a material adverse effect on the position of the Company.

In case of pending civil litigation proceedings wherein the monetary amount involved is not quantifiable, such litigation has been considered material only in the event that the outcome of such litigation has an adverse effect on the operations or performance of the Company or when materiality thereof could not be ascertained due to lack of information with or confirmation from the Company.

Outstanding dues to Creditors

As per the materiality policy adopted by the Board of our Company in its meeting held on September 1, 2023 the outstanding dues to creditors in excess of 10% of the consolidated profit after tax (PAT) of the Company, as per the last audited financial statements; or where the decision in one litigation is likely to affect the decision in similar litigations, even though the amount involved in such single litigation individually may not exceed the above mentioned thresholds, if similar litigations put together collectively exceed 10% of the consolidated profit after tax of the Company will be considered material.

Based on the same, as on June 30, 2023, our Company had outstanding dues to creditors as follows:

Nature of Creditors	Amount (Rs. In Lakh)
Micro, Small and Medium Enterprises	-
Others	968.32

Further, on June 30, 2023 the Company has no outstanding amount to any micro-enterprises and small enterprises and medium enterprises based on the available information and records.

Allotment only in Dematerialized Form

As per the provisions of the Depositories Act, 1996 and the regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e. not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. Hence, the Equity Shares being offered can be applied for in the dematerialized form only.

In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite Agreement dated 17 August, 2023 between NSDL, our Company and Registrar to the Issue; and
- Tripartite Agreement dated 17 August, 2023 between CDSL, our Company and Registrar to the Issue.

Market Lot and Trading Lot

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the NSE EMERGE (SME platform of NSE) from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares is subject to a minimum allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Number of Allottees

In accordance with Regulation 268 of SEBI (ICDR) Regulations, 2018 the minimum number of allottees in the Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies collected shall be unblocked forthwith.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts / authorities in New Delhi.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States, and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

ISSUE PROCEDURE

All Bidders should read the General Information Document which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the BRLM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue, especially in relation to the process for Bids by UPI Bidders through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of CAN and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Bid cum Application Form; (x) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (xi) applicable provisions of the Companies Act relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“UPI Phase III”), as may be prescribed by SEBI. The Issue has been undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public Issues and redressing investor grievances. This circular shall come into force for initial public Issues opening on or after May 1, 2021 and the provisions of this circular are deemed to form part of this Prospectus. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 modifying the process timelines and extending the implementation timelines for certain measures introduced by the March 16 Circular. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 5,00,000/- shall use the UPI Mechanism.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021, read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Our Company, the Promoters and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus and this Prospectus.

Further, our Company, the Promoters and the Members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price.

In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price.

Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company and Selling Shareholder in consultation with the BRLM, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories. The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchange.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, the PAN and UPI ID, for RIBs Bidding in the Retail Portion using the UPI Mechanism, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get their Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

Phased implementation of Unified Payments Interface:

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediaries and use his / her UPI ID for the purpose of blocking funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice.
- c) Phase III: Subsequently, the time duration from public issue closure to listing would be reduced to be three Working Days.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the Retail Individual Bidders using the UPI.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

For further details, refer to the “**General Information Document**” available on the websites of the Stock Exchange and the BRLM.
Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres, and our Registered and Corporate Office. As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non- resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An Application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidder. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, [●], all editions of Hindi national newspaper, [●] and where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

1. The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period may be extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
2. Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
3. The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
4. The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
5. Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
6. If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
7. If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
8. The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

1. Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band is decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
2. Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidder
3. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
4. Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if

any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non- Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

1. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
2. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
3. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

The demat accounts of Bidders for whom PAN details have not been verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be "suspended for credit" and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidder
- j) The Bidders may note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries do not match with PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form is liable to be rejected.

BIDS BY ANCHOR INVESTORS:

Our Company, in consultation with the BRLM, may consider participation by Anchor Investors in the Issue for up to 60% of the QIB Portion in accordance with the SEBI Regulations. Only QIBs as defined in Regulation 2(1)(ss) of the SEBI Regulations and not otherwise excluded pursuant to Schedule XIII of the SEBI Regulations are eligible to invest. The QIB Portion will be reduced in proportion to allocation under the Anchor Investor Portion. In the event of under-subscription in the Anchor Investor Portion, the balance Equity Shares will be added to the QIB Portion.

In accordance with the SEBI Regulations, the key terms for participation in the Anchor Investor Portion are provided below:

Anchor Investor Bid cum Application Forms will be made available for the Anchor Investors at the offices of the BRLM.

1. The Bid must be for a minimum of such number of Equity Shares so that the Bid Amount is at least 200.00 Lakhs. A Bid cannot be submitted for over 60% of the QIB Portion. In case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund will be aggregated to determine the minimum application size of 200.00 Lakhs
2. One-third of the Anchor Investor Portion will be reserved for allocation to domestic Mutual Funds.
3. Bidding for Anchor Investors will open one Working Day before the Bid/ Issue Opening Date and be completed on the same day.
4. Our Company and Selling Shareholder in consultation with the BRLM, will finalize allocation to the Anchor Investors on a discretionary basis, provided that the minimum and maximum number of Allottees in the Anchor Investor Portion will be, as mentioned below:
 - a) where allocation in the Anchor Investor Portion is up to 200.00 Lakhs, maximum of 2 (two) Anchor Investor

- b) where the allocation under the Anchor Investor Portion is more than 200.00 Lakhs but upto 2500.00 Lakhs, minimum of 2 (two) and maximum of 15 (fifteen) Anchor Investors, subject to a minimum Allotment of 100.00 Lakhs per Anchor Investor; and
- c) where the allocation under the Anchor Investor portion is more than 2500.00 Lakhs:(i) minimum of 5 (five) and maximum of 15 (fifteen) Anchor Investors for allocation upto 2500.00 Lakhs; and (ii) an additional 10 Anchor Investors for every additional allocation of 2500.00 Lakhs or part thereof in the Anchor Investor Portion; subject to a minimum Allotment of 100.00 Lakhs per Anchor Investor.
5. Allocation to Anchor Investors will be completed on the Anchor Investor Bid/ Issue Period. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made will be made available in the public domain by the BRLM before the Bid/ Issue Opening Date, through intimation to the Stock Exchange.
6. Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid.
7. If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Allocation Price will be payable by the Anchor Investors within 2 (two) Working Days from the Bid/ Issue Closing Date. If the Issue Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Issue Price.
8. At the end of each day of the bidding period, the demand including allocation made to anchor investors, shall be shown graphically on the bidding terminals of syndicate members and website of stock exchange offering electronically linked transparent bidding facility, for information of public.
9. Equity Shares Allotted in the Anchor Investor Portion will be locked in for a period of 30 days from the date of Allotment.
10. The BRLM, our Promoters, Promoter Group or any person related to them (except for Mutual Funds sponsored by entities related to the BRLM) will not participate in the Anchor Investor Portion. The parameters for selection of Anchor Investors will be clearly identified by the BRLM and made available as part of the records of the BRLM for inspection by SEBI.
11. Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple Bids.
12. Anchor Investors are not permitted to Bid in the Issue through the ASBA process.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non-repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see "Restrictions on Foreign Ownership of Indian Securities" beginning on page 254. Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included. The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM Bids"). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "MIM Structure"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFs, VCFS AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFS and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFS, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves. In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see “Key Regulations and Policies” beginning on page 76.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

- Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
- The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

Price Discovery and Allocation

1. Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price and the Anchor Investors Issue Price.
2. The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
3. Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
4. In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.
5. In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
6. Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to Compliance with SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investor Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various Investor

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

3. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP/ Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for 5% of the Net QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds 5% of the Net QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the Net QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidder
 - Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

4. Allotment to Anchor Investor (If Applicable)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
 - i. not more than 60% of the QIB Portion will be allocated to Anchor Investors;
 - ii. one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii. allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - maximum number of two Anchor Investors for allocation up to ₹ 2 crores; a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

5. Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this DRHP.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The DIPP, has issued consolidated FDI Policy Circular of 2020 ("FDI Policy 2020"), effective from October 15, 2020, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular. The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI and Master Direction –Foreign Investment In India (updated upto March 08, 2019). In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular and Master Direction.

The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

In case of investment in sectors through Government Route, approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2020 has to be obtained.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP / RBI, from time to time.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company. Investment conditions/restrictions for overseas entities Under the current FDI Policy 2020 and amendments from time to time thereupon, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, 10 and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017 as amended from time to time. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral /statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral /statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognized stock exchange in India by Non- Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017 as amended from time to time. The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus.

Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.
